MOONMEN BEGIN HISTORIC VOYAGE

7 Drug Firms Named In U.S. Antitrust Suit

Claim Monopoly Of Wonder Drug Tetracycline

WASHINGTON (AP) — The Nixon administration, trying to lower spiraling drug prices through vigorous antitrust enforcement, has charged seven major drug firms with using a fraudulent patent to monopolize sales of a leading antibiotic.

In Tuesday's suit, filed in federal court here, Pfizer was accused of obtaining a fraudulent patent in 1955 on the drug tetracycline, the nation's largest selling broad spectrum antibiotic.

Broad spectrum antibiotics are popularly known as "wonder drugs" for their ability to counteract and cure a broad range of illnesses and diseases.

The department claimed Pfizer got the tetracycline patent by withholding information and making "false and misleading statements" to the U.S. patent office.

In doing so, the suit alleged, Pfizer gained support from Cyanamid, holder of a patent to Aureomycin, the first wonder drug marketed in this country. The government said Cyanamid made deceptive statements to back Pfizer's patent claim in exchange for a licensing arrangement that allowed the two firms to maintain holds on antibiotic sales.

In addition to Pfizer and Cyanamid, five other leading drug producers—Bristol-Myers Co., Olin-Mathieson Chemical Corp., Squibb Beech-Nut Inc., E. R. Squibb & Sons Inc. and the Upjohn Co.—were charged with conspiracy to monopolize the tetracycline trade.

That count stemmed, the government said, from licensing agreements under which Pfizer, Cyanamid and Bristol-Myers would manufacture the drug and all seven firms could sell it in dosage form.

The complaint also asked the court to cancel the Pfizer patent and prohibit the firm from collecting royalties on tetracycline.

AMA Supports Aid To Students

NEW YORK (AP) — The American Medical Association, citing high interest rates and a tight money supply, has reversed its policy and approved federal loans to medical students.

Man Slain, 4 Officers Shot During Van Wert Gun Battle

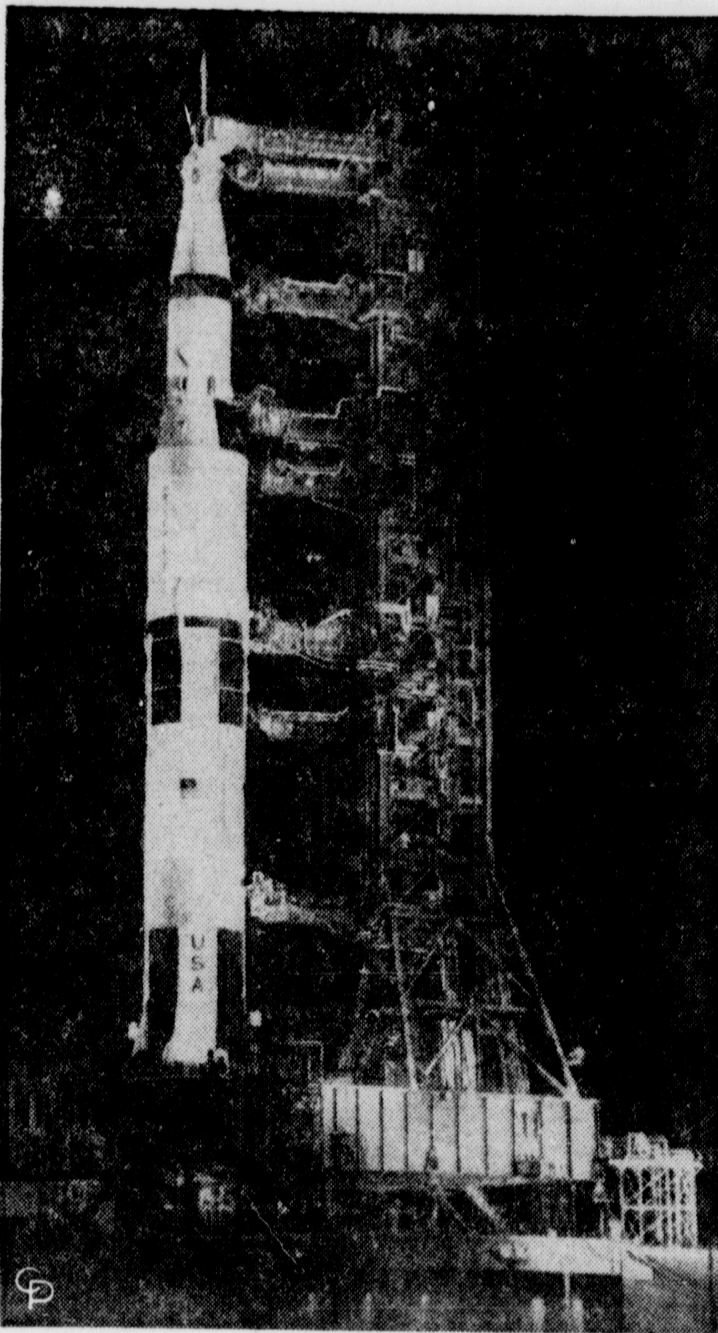

VAN WERT, Ohio (AP)—One man was killed and four police officers were wounded Tuesday night by a young man who went on a shooting spree with a policeman's gun.

Authorities said Jerry Hill, 21, took over the county jail and engaged in a shootout with city, county and state lawmen before he finally was wounded by a shotgun blast.

City Patrolman Mike Stanley said the incident began when Hill disarmed officer Ron Treon, 30, at knifepoint on the street near City Hall and then shot Treon in the foot.

Hill then went to the county jail and ordered Sheriff Don Thomas to release all the prisoners.

Alan Jackson Jr., 50, was shot to death as he and acting Police Chief Arthur Groves, 52, entered the jail, apparently at the summons of one of the freed

Coffee Break...

AN APPEAL for contributions to the storm relief program in northern Ohio was received today by the Fayette County chapter of the Red Cross. The appeal noted that some 2,500 families may require Red Cross assistance as a result of the devastating storms which lashed that area during the July 4 weekend.

First estimates, it was said, indicate approximately \$500,000 will be needed by the Red Cross to aid in rehabilitation.

Contributions may be made to Mrs. Leonard Korn, 323 Gregg St., Red Cross executive secretary here. They should be marked for disaster relief. Mrs. Korn (Please Turn To Page 2)

Nixon Names Disaster Areas

23 Ohio Counties Listed For Help

COLUMBUS, Ohio (AP) — Twenty-three northern Ohio counties hit by tornadoes, storms and floods the weekend of July 4 have been declared a "major disaster area" by President Nixon.

The President told Gov. James A. Rhodes by telegram Tuesday that he has authorized an initial allocation of \$1 million for relief and recovery assistance in the hard-hit counties.

Nixon said the funds are to be used to help with repair and replacement of publicly owned property and for health and sanitation measures.

He said he will consider additional allocations when more money is needed for work in the disaster area.

Declaration of a major disaster permits aid under the federal disaster act. The Office of Emergency Preparedness will coordinate the federal action.

"I am saddened by the loss of life and concerned over the suffering of the people in the storm and flood stricken areas," Nixon told Rhodes in the message.

"I am hopeful that the situation may rapidly improve. Please be assured that the federal government will do everything possible to provide the necessary assistance in this tragic emergency."

The 23 counties named in Nixon's declaration were the same ones for which Rhodes had requested federal aid.

The storms swept off Lake Erie and raked northern Ohio, left 41 persons dead and caused damage estimated between \$70 million and \$100 million.

Industrialist Dies

CLEVELAND, Ohio (AP) — Funeral mass for John P. Murphy, 82, former president and board chairman of the Higbee Co., will be at 9:30 a. m. Thursday at St. Francis Assisi Catholic Church in Gates Mills.

Link Up With Landing Ship

U.S. Astronauts Hurtle Into Space

By HOWARD BENEDICT
CAPE KENNEDY, Fla. (AP) — With the men and their ship working perfectly, America's Apollo 11 astronauts hurtled through space today on a voyage of the ages, the first attempt to land men on the moon.

Civilian commander Neil A. Armstrong, 38; Air Force Col. Edwin E. Aldrin Jr., 39, and Air Force Lt. Col. Michael Collins, 38, continued a performance that had been flawless since launch. They delicately separated their command module from a spent booster and then linked with the moon lander, still housed in the booster.

The trio started their historic journey on a Saturn 5 rocket that thundered from Cape Kennedy right on schedule at 9:32 a. m. (EDT) and shot them into an orbit 118 miles high.

Two and one-half hours later, the still attached Saturn third stage fired again to hurl Apollo 11 out of earth's orbit and start it fleeing toward the moon.

Half an hour after this maneuver, the astronauts separated their command ship, pivoted around 180 degrees and gingerly poked its harpoon-like docking mechanism into a connecting device in the nose of the moon landing ship, or lunar module, cradled atop the third stage.

The two ships, locked nose to nose, streaked outward on the voyage of the ages toward their distant target.

After nearly an hour, the astronauts were to pull the lunar module (LM) out of its garage in the third stage and the spent rocket was to go into an orbit of the sun.

The firing of the third stage increased their speed from about 17,400 to 24,200 miles per hour, enough to break the grip of earth's gravity.

It sent them on the lunar trail blazed twice by man in the last seven months—by the Apollo 8 and 10 astronauts who came tantalizingly close as they orbited earth's only natural satellite.

The Apollo 11 crew planned to coast for three days, firing themselves into orbit 69 miles above the moon early Saturday afternoon to set the stage for the landing attempt.

During their first hours in space, the astronauts were very businesslike as they checked spaceship systems. There was very little conversation from the orbiting craft.

The Cape Kennedy launch was right on schedule.

Pushing Apollo 11 toward earth orbit, the 3,817-ton Saturn 5 roared to life, punishing its launch pedestal with a dazzling sheet of flame.

The rocket screamed on its pad for 8.9 seconds as a computer system made certain all five booster engines reached full thrust of 7.7 million pounds—more powerful than 92,000 locomotives or 500,000 automobiles.

When the computer sensed all was right, it commanded four 40,000-pound steel restraining arms to flip back from the pulsating giant.

With agonizing slowness the Saturn 5 climbed on a wide pillar of fire, gradually picking up speed as its hungry powerplant gulped fuel at the rate of 15 tons a second.

After 12 seconds, the guidance system tipped the rocket slightly onto a southeast heading and it sped out over the Atlantic Ocean.

After 2½ minutes of flight and at an altitude of 40 miles the first stage shut down and the (Please Turn To Page 2)

Wives Unprepared For Historic Event

SPACE CENTER, Houston (AP) — Nothing ever prepared a wife for a time such as this.

Not Jan Armstrong, who understood that "Neil wanted to devote his life to what he's doing now."

Not Joan Aldrin, who learned on the amateur stage to lose her own identity.

Not Pat Collins, when she promised, like women the world over, "to have and to hold from this day forward."

They have lived with it for years, this fantasy that one day man will go the moon. This was the day. The men were their men.

Astronaut homes cluster around the Lakeland area near the space center. In those homes, half a hundred wives know what Jan and Joan and Pat are going through.

But not quite like the wives of the Apollo 11 crew. Nothing ever prepared a wife for a time such as this.

"I feel fine about it," said Mrs. Collins on the day before. "Everything seems to be going just fine."

They always say such things to newsmen on the day before. But the lights and the television sets go on early in the space-mad communities of Nassau Bay and Seabrook and Clear Lake and El Lago.

And as an electronic clock 1,040 miles away at Cape Kennedy, Fla., strangely counts backward to zero, there suddenly are no kids on the street and

no housewives going for the paper or a street chat, and newsmen wait outside three homes to hear what the wives have to say when the clock starts going forward and everything is well.

Jan and Joan and Pat all have gone through it before. But nothing ever prepared a wife for a time such as this.

"Gemini was the end of something," said Joan Aldrin, whose "Buzz" was on the last flight of that series and left his spacecraft for 5½ hours, establishing a record. "This flight," she added, "is the beginning."

GOP Bid For Fast Surtax Action Killed By Sen. Long

WASHINGTON (AP) — Chairman Russell B. Long has indicated he will not go along with a Republican move to force the surtax extension bill out of the Senate Finance Committee Thursday.

Republican Leader Everett M. Dirksen, a Finance Committee member, told newsmen he was hopeful the panel would send the embattled legislation to the Senate floor for debate at Thursday's session.

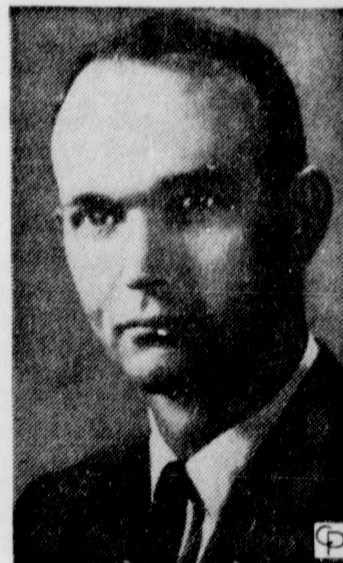

Asked about this, Long told a reporter it was up to the committee to decide how to handle the House-passed surtax bill.

Wheeler Arrives To Assess Lull In Vietnam Fighting

SAIGON (AP) — A lull continued across South Vietnam's battlefields today as Gen. Earle G. Wheeler, chairman of the U.S. Joint Chiefs of Staff, arrived from Washington to assess the four-week-old slowdown in the war.

Wheeler came to Saigon for four days of conferences at U.S. headquarters and field locations, a command spokesman said. Adm. John S. McCain Jr., U.S. commander in chief in the Pacific, arrived shortly before Wheeler.

The U.S. Command reported 26 enemy shelling during the night and an ambush of an American truck convoy north of Saigon. One American was killed and nine were wounded in the shelling, and one was killed and six were wounded in the ambush, a spokesman said.

The command also reported the loss of an OH6 observation helicopter, downed by enemy ground fire Tuesday near Phuc Vinh, 37 miles north of Saigon. One American was reported killed in the crash, and two were injured. The report raised the announced total of helicopters lost in the war to 2,851.

American spokesmen clamped a tight lid on information concerning the visits of Wheeler and McCain. They were expected to meet with Gen. Creighton W. Abrams, commander of American forces in Vietnam, soon after their arrival to begin assessing the current battlefield situation and progress in turning greater responsibility for the war over to the South Vietnamese.

The chief topic of the talks was believed to be whether U.S. forces should reduce offensive operations because of the lull and what risks this would entail. They also were expected to discuss prospects for further troop withdrawals beyond the 25,000

Americans slated to leave the country by Aug. 31.

In Washington, Defense Secretary Melvin R. Laird told the Senate Foreign Relations Committee Tuesday that U.S. forces are still under orders to maintain maximum battlefield pressure on the enemy. But under senatorial prodding, he said, "This whole matter is under re-

view." This was taken in Washington to mean that the Nixon Administration is considering the possibility of scaling down U.S. offensive operations in response to the slack-off in enemy action.

The U.S. Command has shrugged off the possibility that the lull, which began June 21, (Please Turn To Page 2)

Honduras, Salvador Continue Fighting

SAN SALVADOR, El Salvador (AP) — Ignoring a call from the Organization of American States for a cease-fire, El Salvador pressed its invasion of Honduras and has called upon the Honduran army "surrender before being defeated on the battleground."

Diplomatic sources in San Salvador said Salvadorean forces appeared to have penetrated as much as 20 miles inside Honduras. The Honduran government claimed that its troops "are fighting valiantly... pushing back the enemy attack."

A seven-nation peace keeping committee dispatched by the OAS arrived in San Salvador Tuesday night to seek a cease-fire in the two-day-old war, but there was no immediate indication of success.

Salvadorean government sources said the army was driving toward the Honduran capital of Tegucigalpa in two columns—one made up of tanks, artillery and motorized vehicles moving along the South Highway, part of the Pan American Highway, and the other an infantry force marching through the mountains.

Tegucigalpa is about 40 miles from the Honduras-El Salvador frontier, but nearly 75 miles by highway from El Amatillo,

where the armored column reportedly crossed the border.

The capitals of both countries were under curfew and blackout Tuesday night, but rain appeared to have temporarily halted air attacks by the World War II vintage planes of the two Central American republics.

Twelve planes, eight of them Honduran, reportedly have been shot down.

Little Break In Hot Air Is Expected

By THE ASSOCIATED PRESS
Cool air crept over the Northern Plains today and dampened a wave of midsummer heat blanketing the nation from the Rockies to the Atlantic.

Temperatures fell into the 50s in portions of the Dakotas before dawn. Readings in the 40s and 50s cooled Montana.

Prospects of widespread or very lasting relief from the season's first real siege of sultry weather were slim, the Weather Bureau said.

The cool front was expected to penetrate only a portion of the midcontinent, and warmer weather already was sweeping into the west behind the cooler air.

Thunderstorms crackled across the Plains and upper Mississippi Valley in the pre-dawn hours, often packing gusty winds and heavy downpours.

Almost 4 inches of rain swamped Park Falls, in northern Wisconsin.

Thunderstorms also spilled rain into hot and humid sections of the South, but amounts generally were light.

Nerve Gas Tests Ended

WASHINGTON (AP) — Secretary of the Army Stanley R. Resor announced today a suspension of the use of poisonous gases in defensive training at Ft. McClellan, Ala.

He confirmed also that open air testing of lethal chemical agents has been suspended at Edgewood Arsenal, Md. That action was disclosed Tuesday by Rep. Clarence D. Long, D-Md.

The suspension follows considerable congressional criticism about the Army's use of lethal nerve gases in the open at military bases.

The Army recently reported to a House Government Operations subcommittee that it was conducting the open air tests at the Maryland and Alabama facilities as well as the Dugway Proving Ground in Utah, where 5,000 sheep were accidentally killed last year by nerve gas.

Ohio House Gets Weaker Fluoridation Bill

COLUMBUS, Ohio (AP) — A watered-down fluoridation bill faced uncertain fate in the Ohio House today.

Speaker Charles F. Kurfess said he had no idea what would happen during today's floor action on the controversial measure, which requires statewide fluoridation of water supplies. The House bill is a scaled-down version of one passed earlier in the Senate.

The House Health and Welfare

Committee amended the measure to permit local governments to place the fluoridation issue on the ballot within 90 days after the bill becomes law.

A second amendment would allow local governments to bill the Ohio Health Department for the costs of installing the equipment and maintaining the fluoride level in the water.

The measure requires that public water systems serving 20,000 people or more be flu-

oridated by Jan. 1, 1971, and systems serving 5,000 or more by Jan. 1, 1972.

About 45 per cent of Ohio's more than 10 million people now drink fluoridated water. The bill would extend this to about 92 per cent of the population.

In legislative action Tuesday, the Senate Ways and Means Committee concluded its hearings on the House-passed education and tax bill.

Chairman Michael J. Mal-

oney, R-7 Cincinnati, told committee members to be ready to submit amendments to the bill Monday night.

"After that we will be ready to inform the Education Committee what money is available to finance the programs," Maloney said.

Gene L. Tosca, representing the Ohio Association of Tobacco Distributors, opposed increasing the tax on cigarettes. Tosca said the tax "could well

mean the death blow to the cigarette industry in Ohio."

The bill raises the tax on a package of cigarettes from seven to nine cents. Maloney said he plans to offer an amendment Monday to put another penny tax on cigarettes.

The Senate passed 29-2 and sent to the House a resolution calling for a constitutional amendment in November to provide a homestead tax exemption. (Please Turn To Page 2)

LAFF - A - DAY

"I slapped at a mosquito!"

Deaths, Funerals

Mrs. Eden Corwin

LEESBURG — Mrs. Eden Corwin, 76, of Leesburg, died at 4:15 a.m. Tuesday in Greenfield Municipal Hospital. She was born in Indiana, a daughter of Joseph and Flora Grice Pensyl. Her husband, Lawrence, died in 1956.

Mrs. Corwin is survived by a son, Dean, of Leesburg; a sister, Mrs. Nina Newland, of Leesburg; a brother, Jesse Pensyl, of Urbana, five grandchildren and six great-grandchildren.

Services will be held at 2:30 p.m. Thursday in the Patterson Funeral Home, with the Rev. Herbert Lund of the Leesburg Friends Church, officiating. Burial will be in Pleasant Hill cemetery.

Friends may call at the funeral home after 2 p.m. Wednesday.

Mrs. Clyde Williamson

LEESBURG — Mrs. Frieda Williamson, 47, of Leesburg, died Monday at 9:15 p.m. in Fayette Memorial Hospital where she had been admitted Sunday.

Born in Leesburg, she was the daughter of Oscar and Montre Carper Davidson.

She is survived by her husband, Clyde; a son, Ronald Jacob, at home; three sisters, Mrs. Lodena Horner Rt. 1, Mrs. Mary Parshall, Rt. 1, Greenfield, and Mrs. Margene Fry, Mount Sterling; and three brothers, Herman Davidson, of Urbana, Carper and Marion Davidson of Rt. 2.

Services will be held at 1 p.m. Thursday in the Patterson Funeral Home with the Rev. Virgil Harper, of the Walnut Hills Church, officiating. Burial will be in Pleasant Hill cemetery, Leesburg.

Friends may call at the funeral home after 2 p.m. Wednesday.

Former WCH Man Killed By Tractor Near Stoutsville

CIRCLEVILLE — Funeral services will be held at 10:30 a.m. Thursday at Stoutsville for a former Washington C. H. man who was killed Monday when his tractor overturned on his farm and crushed him beneath it.

Russell Andrews, 61, of Rt. 1, Stoutsville, was found face down under a tractor behind his barn on Grist Road, Washington Township, at 1:32 p.m. Monday. He was pronounced dead at the scene from head injuries.

Mrs. Andrews, who searched for her husband when he failed to return for lunch Monday, said she the body in a ravine. She said he apparently was attempting to tow an old car with the tractor.

Mr. Andrews was born in Washington C. H., the son of William and Nellie Ward Andrews. He was a farmer and a retired bus driver, having served the Washington Township school for 26 years. He was a member of the Heidelberg United Church of Christ in Stoutsville.

Survivors besides his wife include two stepsons, James McPherson, of Derby; Robert McPherson, Rt. 1, Stoutsville; a stepdaughter, Mrs. Ruthann Hughes, of Derby; seven step-grandchildren; a brother, Leo Andrews, of Washington C. H.; and a foster brother, Lucien Ward, of Columbus.

Services will be held in the Heidelberg Church with the Rev. Ray Bethel officiating. Burial will be in Forest Cemetery under the direction of the Deffenbaugh Funeral Home.

Plan Religious Service Sunday For Astronauts

WASHINGTON (AP) — President Nixon plans special religious services at the White House Sunday, with Astronaut Col. Frank Borman participating in the worship as Apollo 11 prepares for the moon landing.

Members of Congress, diplomats and government officials have been invited to the 11 a.m. services in the east room where a Quaker minister will deliver the sermon and two Baptist members of Congress will participate.

The three astronauts of Apollo 11 will be preparing for the Sunday afternoon descent of the landing module to the lunar surface.

The White House announced that Borman will read the biblical passages from Genesis, chapter 1, verses 1 to 10, that he and two fellow astronauts read from their space capsule for worldwide broadcast while they orbited the moon on Christmas eve.

Raccoons will eat almost anything, but their favorite food includes frogs, crayfish, crabs, oysters, insects or berries, with green corn a special treat.

Mrs. Bertha Cook

CHILLICOTHE — Mrs. Bertha Ada Cook, 81, Rt. 1, died at 11:45 a.m. Monday in the Penton Nursing Home following an illness of three weeks. Her daughter, Mrs. Walter (Isabel) Henk, and granddaughter, Dianne, reside at 223 S. North St., Washington C. H.

Born in Fayette County, she was the daughter of Lewis and Spicy Good Green. Her husband, Wood Cook, died Dec. 4, 1942.

She was a member of the Andersonville United Methodist Church and its Women's Society of Christian Service.

Mrs. Cook also is survived by another daughter, Mrs. Virginia Clark, Chillicothe; a son, Ira T. Cook, Chillicothe; another grandchild, Mrs. Thomas (Eleanor) Bouillon, Chillicothe; two great-grandchildren; two sisters, Mrs. Mary Virginia Mash, Rt. 1, Chillicothe, and Mrs. Spence (Maggie) Tigue, Kingston; three brothers, Benjamin Green, Rt. 1, Joseph Green, Rt. 1, Stoutsville, and William Green, Chillicothe; several nieces and nephews. She was preceded in death by a daughter, Sarah Edna, three sisters and a brother.

Services will be held at 1 p.m. Thursday in the Ware Funeral Home with the Rev. Ralph C. Gibson officiating. Burial will be in Brown's Chapel Cemetery.

Friends may call at the funeral home after 4 p.m. Wednesday.

Fuller S. Merritt

DAYTON — Fuller S. Merritt, 72 died Tuesday evening in his home, 4639 Arcadia Blvd., of an apparent heart attack. He had been in failing health several years.

A former resident of Washington C. H., he was a retired employee of the Frigidaire Co. here.

He is survived by several children and grandchildren in the Washington C. H. area, two brothers and a sister.

Services will be held at 10 a.m. Saturday in the Tobias Funeral Home, 648 Watervliet Ave. The Rev. Lewis Wickline, pastor of the Church of Christ in Christian Union, Columbus will officiate. Burial will be in Calvary Cemetery here.

Friends may call at the funeral home from 3 to 5 and 7 to 9 p.m. Friday.

Mrs. Lillie Parrett

Graveside services for Mrs. Lillie W. Parrett, 77, a former resident of the Bloomingburg community, were held at 2:30 p.m. Tuesday in Washington Cemetery, with the Rev. Emory S. Moyer, pastor of the Bloomingburg United Methodist Church, officiating. Mrs. Parrett, a former school teacher and the widow of Harry Dane Parrett, died Saturday in Greeley, Colo., where she had made her home for many years.

Palbearers were Thomas Mossbarger, Edward Juillerat, Lewis M. Parrett, Kenneth Craig, Hugh Rea and Ronald Thompson. The Parrett Funeral Home was in charge of local arrangements.

Fluoridation Bill

(Continued From Page 1)

emtion to certain property owners aged 65 or over.

The over-65 property owners would receive a \$5,000 exemption if they are retired and have annual gross incomes of less than \$5,000.

Sens. Robert R. Shaw, R-16 Columbus, and Stanley J. Aronoff, R-8 Cincinnati, voted against the resolution.

Shaw said he was opposed because voters turned down the idea of homestead exemptions when they defeated State Issue No. 2 last November.

In other action, the Senate refused to concur with House amendments to a bill to authorize the Ohio Building Authority to give priority to two new state office buildings instead of one, it now goes to a conference committee.

The House gave 89-2 passage to legislation allowing property owners to obtain insurance. The bill, which now goes to the Senate, continues the Ohio FAIR (fair access to insurance requirements) plan which was set up last October in cooperation with the federal government.

Under the plan, a joint underwriting association of all property insurers in Ohio makes insurance available to any insurable urban property denied insurance in the regular market.

"This is landmark legislation to help rehabilitate ghetto areas where riots are most likely to occur," said the bill's sponsor, Rep. Robert Netley, R-7 Laura.

He said the bill is necessary because the federal riot insurance will be terminated in any state which does not move by Aug. 1 to obligate the state to guarantee reimbursement to the federal government a portion of any riot loss paid by the federal insurance pool.

RAY GARRITY

Final Rites Friday For Ray Garrity

A Requiem High Mass for Ray Garrity, 71, widely known harness horseman and former operator of the popular Rendezvous Room steak house, will be sung at 9:30 a.m. Friday in St. Colman's Catholic Church by the Rev. Father Richard J. Connelly.

Mr. Garrity, a breeder, trainer and driver of nationally known racing stock, was fatally injured Monday afternoon when a tractor overturned pinning him to the ground and crushing his chest.

His body was found at 10:15 a.m. Tuesday on his farm, Ohio 38-N.

Mr. Garrity came to Washington C. H. from Springfield where he purchased the Rendezvous Room, then in the Arlington Hotel building, more than 20 years ago. He lived at 1147 Leesburg Avenue.

He was a member of St. Colman's Church, its Holy Name Society, the Knights of Columbus, the U. S. Trotting Association, the Fayette County Harness Horsemen's Association, the Washington Country Club and numerous other horsemen's groups.

He is survived by two daughters, Mrs. Max Shaw, of Indianapolis, and Mrs. Cornelius Carrigan, of Detroit; a son, Ray Jr., with the U. S. Army in Washington, D. C.; 10 grandchildren and a great-grandson. Mrs. Garrity died many years ago.

Friends may call at the Gerstner Funeral Home after 2 p.m. Thursday. The Rosary will be recited there at 8 p.m. Thursday.

Members of St. Colman Council, Knights of Columbus, will meet in a group at the funeral home to attend the Rosary ceremony.

Burial will be in Calvary Cemetery, Springfield.

Protestant Space Prayer Is Suggested

NEW YORK (AP) — American Protestant and Orthodox Church leaders today urged people to pray that the Apollo 11 mission to the moon "will be used of God for His purposes, and that the astronauts may return safely."

The nationwide call to prayer was issued by the executive committee of the National Council of Churches, including 33 denominations with a total of 42 million members.

Noting that to the psalmist of space spoke of the creative and sustaining power of God, the church leaders suggested a prayer for the nation's people, which reads:

"Almighty Father, we thank You for the wonders of the creation in which You have placed us, for the capabilities enabling Your children to share so fully in the understanding and use of the universe.

"We are grateful for the genius that has made possible this enterprise and for the courageous men who will complete it. Bless and protect them and bring them safely home.

"Awaken in us, by their brave example, the awareness that Your love and power are infinite, calling us to ever greater efforts of mind and heart. Help us to understand that as we grow beyond old ways, we may, with the assistances of Your Spirit, grow into the better way revealed in Him in whose name we pray, Jesus Christ our Lord. Amen."

Union To Picket Road Department

COLUMBUS, Ohio (AP) — The Joint Organizing Council of the Operating Engineers and Laborers Union, which has been attempting to organize state highway department workers, said today it would picket at the state highway department's Division 4 headquarters in Ravena July 22.

Officials of the union said they would call for a work stoppage of workers in the division on that date. A similar action had been planned earlier but it was canceled because of an emergency for highway workers created by the July 4 weekend storm and floods.

IT'S SO EASY TO PLACE A WANT AD

Mainly About People

Mrs. Mattie Viola Jones, formerly of Washington C. H. and Sabina, was transferred Tuesday to Greenfield Manor, an extended care facility, from Fayette Memorial Hospital. The address is 850 Nellie St., Greenfield, zip 45123.

James Servis, of 667 Elm St., and Mrs. Joe (Joyce) Cockerill, of Rt. 2, are enrolled in an education workshop at Wilmington College which began July 14 and will continue through August 22. The workshop is being held to encourage teachers to locate in rural areas, where they are most needed, rather than in suburban and small cities. Mrs. Cockerill will teach in the Miami Trace elementary schools this fall.

Ira Stoops, of Bloomingburg, remains in Mount Carmel Hospital, Columbus, where he was admitted following an automobile accident June 20. He received a broken arm, leg and hip but is slowly improving, according to Mrs. Stoops.

Historic Voyage

(Continued From Page 1)

second stage separated and flashed to life.

"Thrust is good." Mission Control told the crew. "All engines look good."

"Houston, be advised the visual is go today. They finally gave me a window to look out," said one of the spacemen.

Civil defense officials estimated more than a million persons, the largest crowd ever to witness a Cape Kennedy launching, saw the departure of the great rocket.

Also watching the start of the moon mission were Armstrong's parents, Mr. and Mrs. Stephen Armstrong, in Wapakoneta, Ohio.

Mrs. Armstrong told newsmen she talked to her son the morning before launch.

"He was happy," she said. "His usual self. Just like he always is."

As the astronaut's parents spoke, one of the spacemen in the capsule told Mission Control: "It sure is clear down there. It's like sitting in your living room."

The astronauts go to the moon as men of peace, bearing the flags and messages of many lands.

They may not make it. For Apollo 11 is not only man's most ambitious space adventure but also the most dangerous.

The astronauts and space officials warned in advance that the flight might have to be aborted at any time, even up to the moment of lunar touchdown.

And if the two astronauts do land, there is a remote chance they could be stranded on the moon, with only two days of oxygen and no chance of rescue.

The astronauts have chosen as their symbol the drawing of an eagle swooping to the cratered surface, its talons gripping an olive branch.

As is the manner of men, Armstrong and Aldrin will plant an American flag on the surface as a symbol of conquest. But they will not claim this territory for the United States. To make this clear they will leave behind a plaque bearing these words:

"Here men from the planet earth

"First set foot upon the moon

"July 1969 A.D.

"We came in peace for all mankind."

They are to gather precious rocks from this new world, deploy scientific instruments and determine how well man in a bulky space suit can operate in the unfamiliar one-sixth gravity field on the moon.

Armstrong and Aldrin are to spend about 2 1/2 hours outside. In all they are to be on the moon less than a day.

But in that time they will have opened the limitless frontier of space a bit farther. The rocks they bring home may provide clues to the origin of the moon, the earth and even the solar system—and set the course for future expeditions to probe the universe beyond present imagination.

If all goes well, much of the world will watch the entire lunar surface activity beamed live via television from a camera the astronauts are to mount 30 feet away from their landing craft.

WASHINGTON (AP) — President Nixon and astronaut Frank Borman watched on television today the Apollo 11 launch. Nixon predicted would "lift the spirits of the American people and the whole world."

Nixon and Borman went into a small office beside the oval presidential office to witness the event on a color TV set brought in for the occasion. Nixon has no TV set in his working quarters.

Borman, commander of the Apollo 8 mission last Christmas, has been given a temporary desk at the White House where he is serving as Nixon's briefing officer on the Apollo 11 flight.

HHH Says Reds Not Racing U.S.

MOSCOW (AP) — Hubert H. Humphrey said today the hundreds of Russians he has talked to in the past week show no sense of having lost a moon race to the Americans.

"In fact," Humphrey said the Apollo 11 moon mission "may contribute to the understanding of the need for international cooperation in space."

The former vice president is touring the Soviet Union in a private capacity but has met some Soviet officials and plans to meet more.

He spoke to correspondents during a walk around Red Square. The 1968 Democratic presidential candidate attracted large crowds of Russians who were strolling on Red Square. Most of them apparently did not recognize him, however, and none of them dared approach.

Humphrey met today with Nikolai Patolichev, Soviet minister of foreign trade, for a general review of Soviet aims in this field.

Tax On Fags Is Opposed By Lobby

COLUMBUS, Ohio (AP) — Gene L. Tosca, representative of the Ohio Association of Tobacco Distributors, told the Senate Ways and Means Committee Tuesday that additional taxes on cigarettes would encourage bootlegging and black marketing in Ohio.

Tosca said a manufacturer's increase earlier this year already has resulted in a \$1 million decrease in tax revenue during the first five months of this year compared with the similar 1968 period.

His testimony was in reference to tax proposals in the administration's Education Bill.

As passed by the House, the bill contains a two-cent tax increase per package of cigarettes for a total of nine cents. A Senate amendment would increase this to 10 cents.

Tosca declared this would place a package of cigarettes in the two-cent sales tax category in addition to the 9 or 10-cent cigarette tax.

"This would be a death blow to the cigarette industry in Ohio," he said, noting that cigarette sales in Ohio are now \$4 million over 1968.

The cigarette tax in Kentucky is 2 1/2 cents per package, difference of 65 cents a carton if a two-cent increase in the Ohio cigarette tax is adopted.

"Pool buying is prevalent now in Newport and Covington, Ky.," Tosca said. He declared Ohio should limit cigarette imports to one or two cartons or risk bootlegging and black marketing.

Nuns Work To Pay Off Large Debt

MINNEAPOLIS, Minn. (AP) — To meet a large payment soon due on their new St. Paul priory, nuns of the Order of St. Benedict are working this summer as typists, receptionists, file clerks and in a variety of other jobs with business firms in the Twin Cities.

The project was begun when the sisters found themselves without sufficient income to meet the payment, the size of which was not disclosed. The situation stemmed from a drop in the number of young women joining the order, combined with increased retirements.

Sister Rolaine, assistant to the mother superior, said the nuns were faced with finding the needed funds or else refinancing at a 3 per cent hike in interest rates, to 8 1/2 per cent.

One sister contacted a Minneapolis employment firm which specializes in temporary positions. A company official offered a free brush-up course in office practices before placing the sisters in jobs.

All of the salaries they earn are paid directly to the order. The sisters wear conservative street clothes and black veils on the job. Sister Rolaine said the veils are removed if employers object strongly to them.

Soviet Vessels Off Key West

WASHINGTON (AP) — Five Soviet war vessels were about 250 miles from Key West, Fla., in the Gulf of Mexico this morning, the Pentagon reported.

A spokesman said the squadron, including a cruiser, a frigate, a destroyer, and two submarines, were "maneuvering around." There was no indication where the Soviet squadron might head before its announced visit to Cuba starting July 20.

OHIO FIVE - DAY FORECAST

Temperatures above normal are indicated Thursday through Monday. Daily highs will average from the mid 80s north to the lower 90s central and south. Nighttime lows will range from the mid 60s to the lower 70s. Hot and humid Thursday and Friday and not as warm through the weekend. Precipitation will total .5 inch to one inch as showers or thundershowers Friday through Monday.

Hold Prayer Service For Astronauts

COLUMBUS, Ohio (AP) — State workers held a prayer service here this morning in honor of Stephen Armstrong, the father of astronaut Neil A. Armstrong.

Prayers were offered asking that the trip be a safe one and to bless the Ohioan who has been selected as the first man to set foot on the moon.

"We asked Steve what we could do for him," Gov. James A. Rhodes said at the service. "He told us that the greatest honor would be for us to hold a service before the countdown in the building where he works."

The astronaut's father is the assistant director of the Ohio Department of Mental Hygiene and Correction and has an office in the State Office Building.

"I know when 9:32 comes this morning the heart of Steve Armstrong will be heavy," Rhodes said. "We offer our simple prayers for his son's safe return."

Armstrong is watching the moon shot on television at his home in Wapakoneta.

Nearly 250 state workers crowded into the hearing room for the 25 minute service while another 100 sat on chairs outside in the hall.

Ariane Sheppard Seeks Citizenship

CLEVELAND, Ohio (AP) — Ariane Sheppard, the blonde, German-born wife of Dr. Samuel H. Sheppard, Tuesday took an examination for U.S. citizenship.

Mrs. Sheppard started divorce proceedings against her husband last December, charging gross neglect of duty and extreme cruelty.

Stock List Shows Gain

NEW YORK (AP) — The stock market held onto most of its gains in fairly active trading early this afternoon, with some analysts attributing much of the advance to a technical bounce. The Dow Jones industrial average at noon was up 5.85 at 847.01. The DJI, off 2.01 at the close of trading Tuesday, had been ahead 6.79 at 11 a.m.

Gains led losses by about 600 issues. The market's sharp early advance was attributed, in part, to a continuation of the bargain hunting that got under way late in Tuesday's session.

However, analysts cited the economic uncertainties which long have been reported as weighing on the market remain.

The successful launching of the Apollo 11 moon shot was credited by an analyst as "helping the general morale a bit."

Grumman, which built the lunar module, was up 3/4 at 29 1/2; McDonnell Douglas, which built the Saturn rocket, gained 1/2 to 29 1/4; and North American Rockwell, builder of the command module, gained 1/2 to 39 1/4.

Computer Sciences, the most active issue on the New York Stock Exchange on 125,200 shares, was up 3/4 at 26.

Director Leo McCarey Dies; Famed For Wacky Comedies

By BOB THOMAS
Associated Press Writer

HOLLYWOOD (AP) — By the time of his death last week, the movie world had passed Leo McCarey by. But in his heyday — the 1930s and 1940s — he was one of the screen's great stylists, and a rare individualist as well.

A director like McCarey couldn't function in today's Hollywood. He used to give studio bosses fits with his eccentric work habits. His usual routine was to report to the set at 9 a.m. and begin playing the piano. A full crew and cast, including expensive stars like Cary Grant, Ingrid Bergman, Bing Crosby or Irene Dunne, waited around while McCarey

tried to compose tunes—he was eternally hopeful of writing a hit song.

In mid-morning the director might say, "All right, let's shoot it."

Then he would run the players through a long and wondrously comic scene which he had been improvising while he picked out tunes on the piano. Very often he would complete a day's work in 20 minutes.

McCarey learned his mode of operation in the silent-film era when production costs were cheaper and invention was everything. He used the technique to direct early comedies with Laurel and Hardy, the ones considered classics today.

He moved into the bigtime in the talkie period, directing "The Kid from Spain" with Eddie Cantor, "Milky Way" with Harold Lloyd, and the brilliant "Ruggles of Red Gap" with Charles Laughton in an indelible characterization.

"The Awful Truth," starring Cary Grant, Irene Dunne and Ralph Bellamy, was perhaps the best of the wacky comedies. "My Favorite Wife," also with Grant and Dunne, was another great farce.

McCarey hit his peak in 1954 with "Going My Way," a huge success for Paramount and an Oscar winner for the director. Bing Crosby and Barry Fitzgerald, defying the tradition that sequels are never as successful as the original, McCarey again cast Crosby as the easy-going Father O'Malley in "The Bells of St. Mary's," with Ingrid Bergman as a nun. The film made even more money than "Going My Way."

His immense success with "Going My Way" and "The Bells of St. Mary's" seemed to have been Leo McCarey's undoing. He turned serious—often a fatal error for a comedy creator. Concerned about communism, he wrote, directed and produced a film about a native Red, "My Son John," starring Robert Walker and Helen Hayes. It flopped.

Hollywood seemed to lose its confidence in McCarey, and he in himself. Like many directors past their prime, he began repeating himself. "An Affair to Remember," with Cary Grant and Deborah Kerr, was only a fair effort at re-creating McCarey's sentimental love stories. In his last film, "Satan Never Sleeps," he again presented the relationship of older and younger priests, this time Clifton Webb and William Holden. It didn't work.

That was in 1961, and McCarey spent the rest of his life trying to find a project that would restore his glory. During his final two years he suffered from emphysema, which caused his death at 71 last week.

More than 85 per cent of New York City lies not on the American mainland but on the island of Manhattan, Staten Island, Long Island, City Island, Welfare Island and other islands.

Guide To Good Health

By Lester L. Coleman, M.D.

AS A GRADUATE student in psychology, I find myself distressed by all the anger and intrigue that centers around personalities of the doctors and surgeons involved in heart transplants. Would you not imagine that people of such accomplishment would be above pettiness? Can I look forward to a scientific life burdened by such political maneuvering?

Mr. T. L. V. Arizona
Dear Mr. V.: I know and respect the university where you are doing your graduate work. I am certain that in it there is as much political involvement as there is in every other great institution in America. I am sure, too, that many departments, headed by men of giant intellectuality, are filled with unbelievable pettiness.

There is no relationship between a man's accomplishment, his I. Q., his position in society and his petty jealousies and animosities. Why should we believe that men of science should not have all the emotional frailties of everyone else? It is this mortal weakness that is showing itself today in the presence of one of the great surgical accomplishments of our time.

I have been saddened by the fact that the work of a man and his surgical genius has sometimes been overshadowed by narrow-minded and provincial attitudes.

It is a crying shame that the press interviews a surgeon is forced to give in his own defense take valuable time away from the operating room and the care of his patients.

The first heart transplant was not performed by a single man alone, even though the world may give him sole credit for the actual procedure.

This lifesaving operation is the end result of the dedicated contributions made by scientists, engineers and research workers in ever allied field. All of them must share the personal gratification that a single man is alive because of their unselfishness.

Great scientists in hospitals, laboratories and universities must divorce themselves from destructive pettiness, jealousies and actual hate. You need not look forward to a life of political maneuvering if you learn the art of side-stepping it.

You recently referred to a basic balanced diet without saying what it was. Can you tell me what it includes?

Mr. J. A., Virginia

Dear Mr. A.:
Four basic foods represent the essence of a balanced, nourishing diet:

- 1) milk, butter and cheese
- 2) meats and eggs
- 3) fruits and vegetables
- 4) breads and cereals

All the daily minimal vitamin requirements for the healthy adolescent and adult are contained in these foods. The growing child will, especially during the winter months, need additional supplementary vitamins. The elderly, the infirm, and those recovering from illness or surgery benefit from added vitamins.

When these basic foods are used, there usually is no need for expensive powders, elixirs, tonics and "magical blood builders." Under special circumstances, doctors, of course, may restrict the use of any one of these foods for medical reasons.

SPEAKING OF YOUR HEALTH: People on restricted salt intake must remember that carbonated drinks contain large quantities of salt.

THE BETTER HALF

By Bob Barnes

"I'm dying of thirst -- they've fastened the watercooler to the back of the boss's chair."

Dear Abby:

By Abigail Van Buren

Tell Them Or Take The Risk!

DEAR ABBY: My husband and I recently moved into a very nice, one-bedroom apartment which we furnished ourselves.

Last evening some neighbors we hardly know stopped by for a drink, and the woman says, "You said you were going away on a two-week vacation in September, so would you mind if we used your apartment for some friends who will be visiting us at that time?"

Before I could open my mouth, my husband said YES (after two martinis) I could have brained him.

After they left I told my husband I didn't want strangers using our apartment, and I didn't feel I owed our neighbors that kind of favor.

My husband says he thinks I'm right, and now he's sorry he said yes, but he hasn't the guts to tell them we've changed our minds. Well, I haven't got the guts to tell them either, but I don't want to turn this apartment over to strangers, so what do you suggest?

DEAR STUCK: People without "guts" are frequently stuck. Your husband should tell your neighbors you've reconsidered. But if he can't gather the "guts," you must. The alternative is to let them come and take your chances.

DEAR ABBY: For the past year I have had a very good cleaning woman once a week. Recently she mentioned to me that one family she works for on a similar basis pays her

when they go on their vacation even tho she doesn't do anything for them while they are away.

Is this customary? And why do you think she mentioned it?

OAK PARK
DEAR OAK: No, it's not customary, but it's good insurance against losing a valued employee. And she probably mentioned it to you because she hoped YOU'D take the hint.

DEAR ABBY: May a tired office manager say a few words to job hunters?

For the past week I have been interviewing girls for the job of "Typist" in an office, and I am absolutely amazed at what I have seen and heard.

One girl applied for the job in capri pants, sneakers, and carrying her poodle. Another came in faded jeans with her hair in great big rollers! One even came in a see-thru blouse. And she had a cigaret in her mouth the whole time.

Some women have the attitude that they are doing you a favor just offering themselves for employment. Others don't seem to care whether they get the job or not.

The help wanted ad in the newspaper stated the hours, typing speed, and all the details of the job, and you'd be surprised at the number of girls who didn't want to work "those hours," and so help me, some said they couldn't type! Now, why did they bother to apply?

DEAR AMAZED: Because, believe it or not, some people

Down Memory Lane With Hal

By Hal Boyle

NEW YORK (AP) — Every generation manufactures its own dreams and its own memories.

They change with each generation, of course, because time inevitably changes everything. And they contribute to the widening of the generation gap.

One wonders what memories this present generation will wind up with when it comes to the end of the road. Will they be better, worse, or more bitter-sweet than our own?

No one can tell. But one thing we do know. Today's youth won't be able, as many older folks now can, to look back and remember when—

Every small town hotel kept a coil of rope beside the Gideon Bible so that, in case of fire, you could tie it to a bedstead and shiny down from the nearest window to safety.

When a man was considered worthless, people said of him, "He ain't worth the powder it'd take to blow him to hell."

The ambition of every small boy was to be able to buy a cheap metal ring emblazoned with a snake wrapped around a human skull. Among the girls, only tomboys dared to wear one.

More people worried about property taxes than income taxes.

What frightened kids about starting kindergarten was the legend spread by older children that the principal kept a spanking machine in his office.

Perhaps the best checker players in America were city firemen and rural courthouse loafers. Both had plenty of spare time in which to perfect their game.

The quickest way for a stranger to find out what was going on in crossroads village was to get a haircut. The barber's information might not be quite up-to-date—but his suspicions were.

The best way to see the world was to join the Navy, but if you just wanted to hear about it, you dropped into a hotel lobby and

apply for a job hoping they won't get it.

DEAR ABBY: To "HER MOM," who was heartick because her daughter confessed that she was pregnant, and all the elaborate plans for a lovely church wedding had to be canceled.

Our daughter had the same problem, but she solved it another way. She went ahead and had the big church wedding as scheduled, and after 10 years of a childless marriage, we learned the truth.

Not wishing to disappoint their parents and cause a scandal she and the boy she loved decided on an illegal abortion.

Mom, be glad your daughter had enough faith in you to confide. I know how heartick you were to have to cancel all those wedding plans. I can also imagine how embarrassed you felt before your friends and relatives. But please, don't hold it against your child. Forgive her. You'll be glad you did.

ANOTHER GIRL'S MOM

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

listened wide-eyed as traveling salesmen spun their yarns.

Scarcer than a hen's tooth was a big league ballplayer who didn't keep a cud of chewing tobacco in his cheek.

College professors existed largely on their meager teaching salaries. Few business firms paid them consulting fees, because professors were thought too absent-minded to deal with practical affairs.

The two best places for romancing a girl were the local cemetery or the last row of balcony seats in the movie theater. More people drank from tin cups than paper cups.

A modern home was one in member?

which you pumped a new player piano with your feet instead of playing an old-fashioned one by hand.

Undertakers in small communities advertised by distributing free cardboard fans. Grocers gave away calendars.

If you asked the average American what a discotheque was, he's probably guess it was French discus thrower.

Happiness was running to capture fire flies in one of mother's old fruit jars on a warm summer night, while chatting grown-ups watched from the front porch.

Those were the days! Remember them?

Open Bids On Major Road Work

COLUMBUS, Ohio (AP)—The state highway department opened bids Tuesday on three major projects including access improvement of U. S. 27, U. S. 52 and alternate 52 to Cincinnati's new Riverfront Stadium.

The apparent low bid of \$1,038,521 was submitted by Schweitzer Construction Co. of Cincinnati for improvement of sections of four downtown Cincinnati streets—Central Avenue, Second and Plum Streets and Riverside Parkway—for better access to the new stadium. The state estimate was \$1.4 million. Completion is set for July, 1970.

H. B. Lockhart Construction Co. of Akron submitted the apparent low bid of \$1.5 million for improving a three-mile section of Ohio 261 between Ohio 43 and Ohio 5 to accommodate traffic in the growing Kent State University area. The state's estimate was \$1.9 million. Completion is set for August, 1970.

The relocation of the Ohio 45 bypass around Salem received the apparent low bid of \$1.2 million by United Excavating Co., Youngstown. The Columbiana County project, estimated by the state at \$1.4 million, is designed to help motorists avoid congestion of Salem's narrow streets.

Other major projects, by counties:

CARROLL—Paving 1.75 miles of Ohio 542; apparent low bid of \$379,380 by Ben Cookson Inc. New Philadelphia; state estimate \$521,000.

KNOX & MORROW — Paving and constructing one bridge of Ohio 95; apparent low bid of \$332,381 by Mansfield Asphalt Paving Co.; state estimate \$341,000.

FAIRFIELD & FRANKLIN—Joint repair and resurfacing on 9.01 miles of U. S. 33; apparent low bid of \$359,996 by Shelley Co., Thornville; state estimate \$398,000.

SUMMIT (PORTAGE)—Paving and widening 4.19 miles of Ohio 532; apparent low bid H.B.

Lockhart Construction Co. Akron, \$594,325; state estimate \$563,000.

HANCOCK — Resurfacing 12.14 miles of U. S. 30 N; apparent low bid of \$131,444 by Churchill Construction Co., Lima; state estimate \$191,200.

ATHENS & MEIGS — Resurfacing 3.81 miles of Ohio 144 and 2.38 miles of Ohio 329 in Athens County; 4.66 miles of Ohio 124 at Forked Run State Park in Meigs County; apparent low bid of \$89,527 by Shelly

Co., Thornville; state estimate \$126,000.

MIAMI — Resurfacing .58 miles of Barnhart Road and .56 miles of Ohio 48 and 1.27 miles of Ohio 41; widening and resurfacing of 5.12 miles of Ohio 55; apparent low bid Trojan Asphalt Inc., Troy, \$99,851; state estimate \$122,100.

LOGAN — Resurfacing 7.87 miles of Ohio 508; apparent low bid Northwood Stone & Asphalt Co., Belle Center, \$108,875; state estimate \$108,700.

Economic Slowdown Near

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — Slowly, the slowdown appears to be approaching. Nobody can say with certainty that it is coming, because the signs could be only fluctuations. But a pattern could be developing.

To some, such as government economists who have worried and warned that inflation was eroding the economic structure, the signs appear like fissures of sunlight as the storm clouds recede from the horizon.

To others—workers whose wage increases have exceeded price increases, businessmen who have managed to jack up prices exorbitantly, those with equity investments—a slowdown is the approach of bad weather. The extent of any slowdown cannot be forecast accurately

even by the finest government devices. Many statistics, in fact, indicate months of advance still are ahead. And some economists foresee years of moderate inflation.

But, there are these first faint signs that a reduction in the flow of money to the economy—a direct result of the Federal Reserve turning off the spigot—is having some effects:

—The rate at which the nation's production of goods and services is growing has been halved in the past year.

—The barometer of consumer sentiment, as measured by the University of Michigan, has begun to show a very slight drop, indicating that buyers will be a bit less inclined to purchase certain goods.

—Gains in personal income have begun to show evidence of leveling. Still rising, of course, but not with much energy.

—For the second straight month, retail sales in June failed to advance.

—Home building, which was crawling along at a pace far below the nation's needs, has be-

gun to drop off again in reaction to tight money and the high costs of mortgages.

—A few wholesale price reductions have shown up here and there. And, believe it or not, the asking prices of some homes are dropping because potential buyers can't get up the down payments or meet mortgage terms.

None of these indicators can be relied upon as infallible. While consumer sentiment may not be as high as it was a few months ago, for example, consumers still are borrowing heavily. But they are the best criterions available.

If the economy does cool off, and if inflation is brought down from its current 7 per cent rate to something less than one-half that, will it mean that the economy has finally been stabilized?

Not at all. In fact, in steering anything as ponderously large as the U.S. economy, especially when the response lags behind the signal by six months or more, the danger always exists that the wheel will be turned too far.

TV To Take Earth's People To The Moon

By PAUL RECER
AP Aerospace Writer

SPACE CENTER, Houston, Tex. (AP) — America will be a country of sleepy people on Monday, July 21, and television will get the blame.

Man's first step on the surface of the moon will be telecast to earth and retransmitted coast to coast for home viewers. The first television show from the moon with live actors will start at 2:12 a.m. on the East Coast and end at about 4:52 a.m., or perhaps later.

That 2 hours and 40 minutes of television probably will have the poorest technical quality of any of the almost five hours of space television planned for Apollo 11. And it also will be the only portion in black and white.

The telecast will begin just before Neil A. Armstrong steps from a ladder on the moon lander to the lunar surface.

As he comes down the ladder, he'll pull a ring which will open the work bench in one side of the moon lander. The television camera is attached to the work bench and will start telecasting immediately.

The camera will catch a view of Armstrong's first step onto the moon, but the astronaut cautioned that the picture probably won't be top quality.

Forty minutes after his first step on the moon, Armstrong will move the television camera

from the side of the moon lander, put it on a tripod and set it up about 30 feet away. The field of view will catch all of the activities of Armstrong and Air Force Col. Edwin E. Aldrin Jr.

These will include a view of Armstrong as he plants the American flag on the moon's surface.

Pictures from the camera on the moon are beamed to the National Radio Astronomy Observatory at Parkes, Australia. The signal then goes by microwave to Sydney, Australia.

From there, they are beamed to the Intelsat III satellite in space over the Pacific Ocean. The space center here receives the signals, processes them and releases them to home viewers.

The lunar surface camera transmits only in black and white.

Another Apollo television camera is on the command module, the mother ship which stays in a 69-mile orbit of the moon. This camera, the same type carried on Apollo 10, transmits in color and will be used for all of the Apollo 11 television except the moon surface portion.

Here is a tentative television schedule, with all times in Eastern Daylight Time:

July 17, 7:32-7:47 p.m., trans-lunar coast, about 150,000 miles from earth.

July 18, 7:32-7:47 p.m., trans-lunar coast, nearing the moon.

July 19, 4:02-4:17 p.m., surface views of the moon from lunar orbit.

July 20, 1:52-2:22 p.m., command module and lunar module flying close to each other after separation.

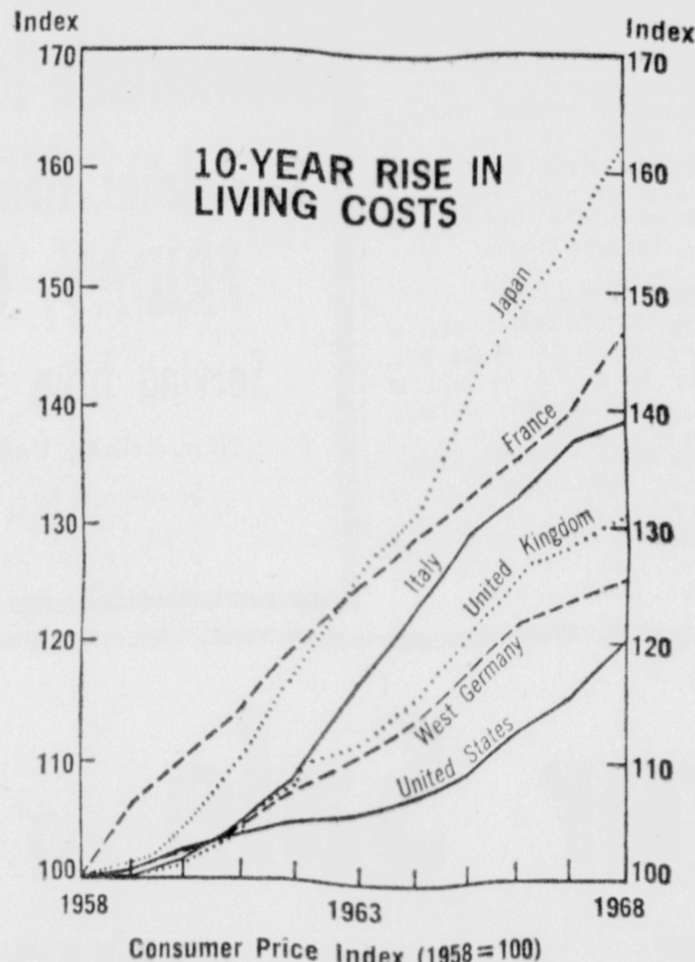

July 21, 1:57-2:07 a.m., landing site tracking from command module.

July 21, 2:12-4:52 a.m., moon surface activities. This is the only telecast in black and white.

July 22, 9:02-9:17 p.m., trans-earth coast.

July 23, 7:02-7:17 p.m., trans-earth coast.

It's your ECONOMY

Data: Bureau of Labor Statistics; International Monetary Fund

By CARL H. MADDEN, CHIEF ECONOMIST
Chamber of Commerce of the United States

INFLATION HITS MANY COUNTRIES—Rising prices in major countries reflect the growing demand everywhere for capital because of population growth and the quickening pace of technological progress. Over the past 10 years consumer prices rose 20 per cent in the United States, but even more in other countries—64 per cent in Japan, 47 per cent in France, 39 per cent in Italy, 36 per cent in the United Kingdom, and 25 per cent in West Germany. Inflation, moreover, piles up as time goes on. A continuous rate of inflation of even 2 per cent a year amounts to a 40 per cent erosion of purchasing power in 25 years. Rising prices impose a cruel and discriminatory tax on savers and families with fixed income. This is now prevalent in all industrialized countries. In underdeveloped countries the rate of inflation is even faster and crueler.

Senior Citizens May Enter Fair Events

Senior Citizens in the area who are 60 years old may enter the activities planned at the Ohio State Fair in Columbus, Aug. 21 through Sept. 1.

Daily activities open to them will include the annual cookie bake-off, waltz contest, soap box oratory, talent shows, dance instruction, craft displays and lessons and presentation of awards to prominent senior citizens and outstanding senior volunteers selected by their communities.

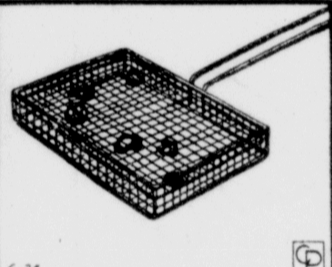

Displays and the cookie baking contest will be held inside the Columbus Building on the Fairgrounds, with all other activities centered in two large tents just outside the building.

Senior citizens can purchase fair tickets in advance at half-price by contacting the Administration on Aging, 1105 State Office Bldg., Columbus 43215. The 75 cents tickets may be ordered by Aug. 15 for mail delivery from the state office of Administration on Aging. The special rate will not be available at the Fair gates. Many senior centers and clubs will have the half-price tickets available for sale to their members.

Personals

Among the hundreds of thousands watching the Apollo 11 moon-shot at Cape Kennedy today were Mr. and Mrs. Robert Swackhamer and children, David, Roxanne and Kristi Jo, of Reynoldsburg. Mrs. Swackhamer is the daughter of Mr. and Mrs. Gerald Stephenson, Rt. 22-East. They are staying at Melbourne, Fla., while on vacation.

Wife Preservers

Put small pieces of food—such as appetizers—in a wire basket before barbecuing. Makes turning a snap, and they won't fall through.

BPW Committee Makes Plans

The Civic Participation Committee of the Business and Professional Women's Club met Tuesday evening at the home of Mrs. Marie Mace, with Mrs. Ned Kinzer assisting. The meeting's purpose was to get the club organized for the coming year.

Mrs. Wilbur Wilson was appointed secretary and Mrs. T. Ruth Sexton was named chairman in the committee for the sale of tickets for the Ralph May Show, which will be held July 29-30.

Mrs. Mace told the group that BPW is sponsoring the next visit of the Blood Bank unit on Aug. 14 in the First Presbyterian Church and asked for volunteers to help. The hours are from 10 a.m. until 4 p.m.

Plans were completed for the club's dinner to be held Sept. 16 and further ideas were discussed for observance of National Business Women's Week, which will occur from Oct. 19 to Oct. 25.

Attending the planning session were Mrs. Robert West, Mrs. Laura Deiber, Mrs. Fred Shoop, Mrs. Robert Goldsberry, Mrs. Beatrice Slagle, Miss Minnie Graves, Miss Adah Rechenbach, Miss Ruth Chaney, Mrs. Sexton, Mrs. Wilson, Mrs. Andrew Bennet, Mrs. Mabel Dullman, Mrs. Kinzer and Mrs. Mace.

Guests of the committee were several club officers, including Miss Jean Everhart, president; Mrs. Robert Schneider, 1st vice-president; Mrs. Howard Gregg, bulletin; and Miss Dorothy Short, public relations.

A dessert course was served to conclude the meeting.

New Members

Prospective new members were considered Tuesday evening when the Membership Committee of the Business and Professional Women's Club met at the home of Miss Mary Sauer. Ruth Ann Miller was named secretary and organizational plans were discussed.

Following the meeting, Miss Sauer served a dessert course to her guests, including Miss Lena Smith, Miss Miller, Mrs. Ruth Matheny, Mrs. Norman Armbrust, Mrs. Medrith Mitchell, Mrs. Dorothy Miller, Mrs. Mildred Rogers, Miss Fern Chaffin and Mrs. Betty Johnson.

Sorority Picnic

A happy group of active members of Phi Beta Psi sorority were joined by inactive and associate members Monday evening for their annual picnic and a swimming party at the home of Mrs. Richard R. Willis, 450 Rawlings St. More than fifty women spent a pleasant evening in activity and conversation.

The officers were in charge of the get-together, with Mrs. Robert Willis and Mrs. James Perrill, co-chairmen of the committee.

To add to the pleasure of the occasion a picnic dinner was catered by the Lafayette Inn.

Calendar

Schiller family reunion at Rocky Fork Lake picnic area. Basket dinner at noon.

SUMMER SCOOP—Tones of yellow, brown and orange glow in the splashy print chiffon scoop neck dress with brown velvet sash and accordion pleats, designed by Victor Costa for Romantica's summer collection.

Mrs. Hays Is Club Hostess

The Stitch and Chatter Club were guests of Mrs. Ralph Hays at The Sulky Monday for their monthly meeting. After lunch, they did their "stitching and chattering" at Mrs. Hays' home.

A gift was presented from the group to Mrs. Claude Davis who will be moving in September to Casey, Ill.

Those attending include Mrs. Thomas Willis, Mrs. Davis, Mrs. Ernest Brookover, Mrs. William Buchanan, Mrs. John Case, Mrs. Earl Scott and Miss Norma Dodd.

Dr. Richard Veler Wins Promotion At Wittenberg U.

Dr. Richard Veler, assistant professor of English at Wittenberg University, Springfield, and son of Dr. and Mrs. Herbert W. Veler, 664 Willabar Dr., will be promoted to associate professor Sept. 1.

Dr. Veler also will become associate dean of the college in September. In addition to teaching duties, he will be responsible for student academic affairs as they relate to the dean's responsibilities.

Dr. Veler joined the faculty in 1965. After graduating from Wittenberg in 1958, he earned a master of arts degree at Harvard University and a doctor of philosophy degree at Ohio State University.

His father is pastor of Good Shepherd Lutheran Church here.

TOPS Meets For Weekly Session

WCHO TOPS Chapter met Monday evening in Eastside School, opening with their pledge and songs. Roll call was answered by 31 members who heard and approved the chapter's reports. Denise Miller, a pre-teen, was "Queen" of the evening.

Mrs. Louise McClung conducted the meeting and reported on a leaders' meeting which she, Verlie Williams and Mildred Chaney attended Saturday in Franklin. Mrs. Chaney announced an executive meeting Thursday at her home, 314 Cherry St.

Before adjournment, the group read notes sent to each other and Mrs. McClung added helpful hints.

Poor Peoples Protesters Have Good View Of Launch

CAPE KENNEDY, Fla. (AP)—Leaders of the Poor People's Campaign, here to demonstrate against poverty, had front seats today for the Apollo 11 launch-

ing site for 10 families—at the request of Abernathy, who is president of the Southern Christian Leadership Conference (SCLC).

Paine told Abernathy and about 100 followers who marched a short distance: "We feel the space program is a program for all Americans. We don't regard it as a program against the antipoverty program."

"We'd like to see you hitch your wagons to our rockets and we hope the space program will encourage this country to tackle other problems."

Paine also said: "If it were possible for us not to push the button and solve the problems with which you are concerned, we would not push the button" to launch the moon rocket.

To brighten basement stairs, carpet them with deck canvas, an extra-tough cotton fabric available at awning shops or marine supply houses. It comes in 31 to 33-inch widths. Glue canvas down with fabric cement. To give the natural-colored fabric a bright look as well as more durability, paint each step a different eye-catching color.

'Moon Cheese' Selling Great In Wapakoneta

WAPAKONETA, Ohio (AP)—Even food produced and consumed here, where Apollo 11 astronaut Neil Armstrong was born, has been affected by the moon craze.

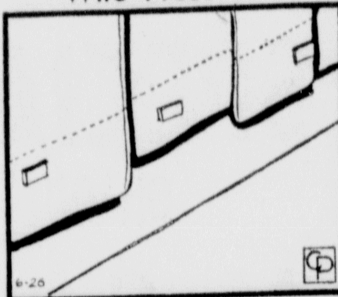

The Fisher Cheese Co., Wapakoneta's largest employer, reports that demand is so great for its "moon cheese" that it had to put on an extra shift of workers.

The company said it recently sent 40,000 pounds of the round, yellow cheese to the Cape Kennedy launch site is located.

A soft drink called "moon sauce" which is produced locally also is reported selling fast.

A local restaurant which serves travelers on Interstate 75 has introduced an Apollo 11 sandwich.

Miss Burkitt To Wed In Late Summer

BRENDA DARLENE BURKITT
- Photo by Frank Henry

Mr. and Mrs. Emmitt Burdett Burkitt, of 1154 E Temple St.,

Tina Marie Is 4

A birthday picnic to honor the fourth birthday Sunday of Tina Marie Marshall found lots of relatives and friends participating at Washington City Park. Mr. and Mrs. Bill Marshall and son P. R., 3-C west, were hosts and after the games and picnic at the park they all went to Tina Marie's home for ice cream and cake.

Attending were Mrs. Hazel Lawson, grandmother, and Mr. and Mrs. Forrest Eblin and son, Ricky, all of Waverly; Mrs. Ina Adams and sons, Johnny Ray and David, of Pataskala; Mrs. Jude McCane and daughters, Kimmey Kay, Jenny and Angela, and Miss Jeanne George, Wilmington;

Mr. and Mrs. Roy McGraw, Detroit; Mr. and Mrs. Don Bowles and son, Donnie, and Mr. and Mrs. Bob Yount, of Dayton; Mr. and Mrs. Cliff Burr, Mr. and Mrs. Bob Kelly and daughter, Sandy, and Mrs. Marty Curl.

Duplicate Club

Welcomes Members

The Washington Duplicate Bridge Club, meeting Monday evening in Parish Hall, St. Andrew's Episcopal Church, had five tables in play, using the Howell movement.

With a par of 36, Mrs. James Wright and Mrs. Otis Hess were first with a score of 44; Mrs. William Bourke and Mrs. Iva Coil, second with 41; Mrs. Katherine Fox and Mrs. Helen Johnson, third with 40; and Mrs.

are announcing the engagement and approaching marriage of their daughter, Brenda Darlene, to Mr. Paul E. Browning Jr., son of Mr. and Mrs. Paul E. Browning, Dayton.

Miss Burkitt, a 1965 graduate of Washington High School, is presently employed as a Nurse Technician at Fayette Memorial Hospital.

Mr. Browning is a graduate of Fairview High School, Dayton, and is employed at the Morian Paint Co., Xenia.

A late summer wedding is planned.

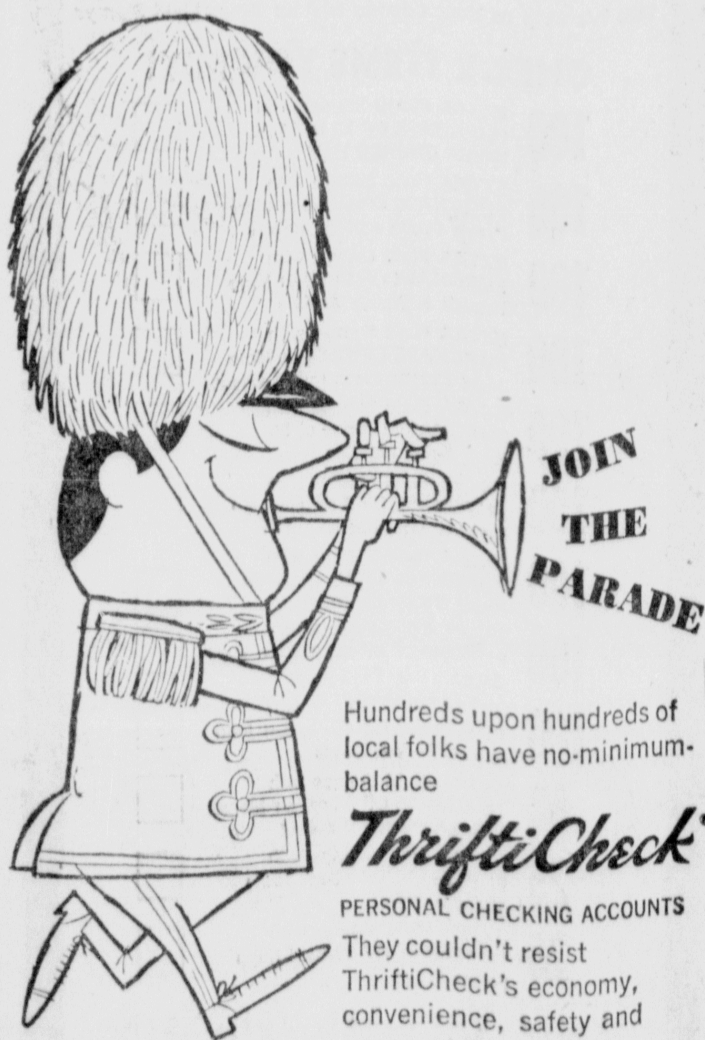

Mrs. Fred Armbrust Visits In Germany

Mrs. Fred Armbrust, Rt. 1, returned Sunday from a four-week sojourn in her homeland, Germany. She went to Essen to visit her mother, Mrs. Elizabeth Lake, who had returned there in August to make her home after a visit here with the Armbrusts.

An added joy came with the arrival of her sister and husband, Mr. and Mrs. Marcell Canisius, whose home is in Melbourne, Australia. The Canisius' had come to England by ship and were touring Europe in a camper. Mrs. Armbrust hadn't seen her sister in 10 years.

The four of them took several trips, including three days in Rudesheim. Mrs. Armbrust was amazed at the many changes in her homeland since her last visit seven years ago.

Robert Herron and Bruce Strickland, fourth with 38½. The next session will be at 7:15 p. m. in Parish Hall and new players are invited.

Round About The County--People, Places, And Things

By B. E. KELLEY

I have been surprised at the large number of people, old and young, rich and poor, and in all walks of life who are "rock hounds" — the common term for collectors of such specimens. Collecting rocks has long been a lure to many—including myself. A great many women and girls as well as men and boys have rock collections, and it is really surprising what a varied accumulations some of these hobbyists have. Some folks are content with a small number of unusual stones, usually not very large, while others include unusual specimens which may weigh 100 pounds or more. Others have hundreds of rocks from a wide area, and usually

MEMBER  "Over 54 Years"

Valley road and some branch roads in the area. Once when we were in Canada we used the road paralleling the northern shore of Lake Erie, and found many different kinds of pebbles on the beaches, worn smooth by rolling about. The greatest find in pebbles we ever made was near the Bright Angel Hotel on the rim of the Grand Canyon, where bushes of specimens brought up from the canyon were dumped, and visitors could help themselves. We found more than 30 kinds of stones in the heap and, of course, brought them home. One of the prized rocks in Ohio is the colorful flint from Flint Ridge. Flint has been officially adopted as the gem stone of Ohio. One of the possessions of Dr. Dafoe, who brought the Canadian quintuplets into the world, was a chunk of lovely flint from Flint Ridge, which we gave him during a visit with him when the quintuplets were 4 years old. He used it for a paper weight on his desk. How about a "Rock Hound" club being organized here: Who wants to start it?

FIFTY YEARS AGO

Gen. John J. Pershing led the great "victory parade" in London, England, where he and American soldiers were accorded high honors. The British dirigible R 34 returned safely to England after its second crossing of the Atlantic on trips to America. The return trip was made in 75 hours. The Methodist Centenary celebration on the Ohio Fairground in Columbus, came to an end after several hundred thousand visitors had attended. Thousands saw the big stage production, "The Wayfarer", held in the Coliseum. The worst storm of the season swept the county at night, and the heavy rainfall, wind, hail and lightning did much damage, but the rain was what the corn needed to reach maturity. The Charles Blankenship barn, Prairie Rd., was struck by lightning and destroyed along with all contents. President Woodrow Wilson called Republican senators for private conferences on the Peace Treaty terms and League of Nations plans. Tornadoes in Chile killed 87 persons injured hundreds and caused \$290 million damage. Deaths: A. B. Gidding, 45, of Milledgeville; Mrs. Apalonia Saunders, 88; Bert Chaffin, farmer, Greenfield Rd.; Noah H. Smith, prominent retired farmer and member of pioneer family. Homer Perdue, in the U. S. Navy, was killed, along with six others, while sweeping mines in the North Sea. A mine exploded under their trawler. Rains halted wheat threshing in the community. D. H. Dreisback, Circleville, purchased four blooded Duroc hogs from the H. K. Stewart estate to be exhibited at the State Fair and the International Livestock Show at Chicago. He paid \$500 for one boar. Massive strikes were being called in industrial centers, and in Chicago all building was halted by a walkout of carpenters who asked \$1 more per hour. Alfred Doloff, who shot and killed B & O Detective George Slavens of Washington C. H. in Clinton County, was found guilty and sentenced to life imprisonment in the Penitentiary. The outlook for an unusually large sweet corn crop was good. The Washington Handle Co. occupying the former Wonder Stove Co. building on Rose Avenue and Delaware Street, closed because of an overstock but expected to reopen soon. Fifteen men were employed by the company. Great forest fires in Idaho, Montana and Wyoming were sweeping over thousands of acres of pine forests. Several thousand men were battling the flames. Announcement was made that American troops had crossed the Mexican border a dozen times in recent months to drive back Mexican forces. The first assembly of Boy Scouts was held at the YMCA where all candidates were required to swim 100 feet before becoming members.

CARNIVAL UNDER WAY—The annual New Holland street carnival got under way with a larger than expected crowd Tuesday night. Area residents crowded the three blocks of the downtown area to enjoy the rides and games and to buy sandwiches. The carnival, which will last through Saturday night, is sponsored by New Holland American Legion Post 477.

New Holland Festivities Begin

NEW HOLLAND — The annual fish fry and carnival sponsored by Arch Post, American Legion, got under way Tuesday night with what was described as "a fair crowd but a good one considering that it was the opening night."

There could be, of course, no head count of the attendance, but there was an indication in the sale of 190 pounds of fish sandwiches, plus hot dogs and

Cape Kennedy Jam-Packed With Watchers Of History

CAPE KENNEDY, Fla. (AP) — On a muggy July night, Cape Kennedy was host to its biggest crowd in history with an electric feeling that something important was going to happen this morning—like a trip to the moon.

There were arguments over whether a million tourists were here or on the way, as the Chamber of Commerce predicted. Most estimates put the crowd at 500,000 to 750,000.

A steady parade streamed through restaurants, bars and cocktail parties.

Lunch blended into dinner, dinner into supper, and supper into breakfast.

A travel agency was taking reservations for future vacations to the moon in a hotel lobby.

"The busiest place in town was probably the space agency's press center, where 3,000 corre-

ABM Foes Take New Tack With Drive Against MIRV

WASHINGTON (AP) — Senate foes of the Safeguard missile defense plan are campaigning on a second front, seeking a halt in testing of multiple warhead offensive weapons.

While the Safeguard debate rumbled on, that companion issue was before the Senate Foreign Relations Committee today.

The weapons involved: multiple, independent targeted reentry vehicles—MIRVs—with which the nuclear warheads on one missile could be aimed against several different targets.

Three scientists were called to testify on the MIRV controversy. The committee is considering a resolution proposed by Sen. Edward W. Brooke, R-Mass., which urges that the United States halt MIRV tests so long as the Soviet Union does the same.

Brooke has enlisted 40 cosponsors for his MIRV resolution, thus bringing it within 10 votes of a Senate majority. His aides

Runoff Set In Virginia

RICHMOND, Va. (AP) — William C. Battle, a former U.S. ambassador to Australia, and state Sen. Henry E. Howell Jr. ran one-two in Virginia's Democratic gubernatorial primary Tuesday and will meet in a runoff election Aug. 19.

Battle, son of former Gov. John S. Battle Sr., pulled in 33 per cent of the votes cast, while Howell drew 38 per cent. The third man in the Democratic primary, Lt. Gov. Fred G. Pollard, got 23 per cent.

With returns in from 2,017 of the state's 2,031 precincts, Battle had 158,994 votes, Howell 132,789 and Pollard 95,139.

The winner of the Aug. 19 runoff will face Republican A. Linwood Holton and Conservative party candidate Beverly McDowell in November.

Democratic Gov. Mills E. Godwin Jr. is prevented by the state constitution from succeeding himself.

World War I Vets To Host District Meet

Fayette County Barracks No. 2291, Veterans of World War I, Inc., and its women's Auxiliary will be hosts to the Seventh District summer meeting Sunday in the American Legion Home, 212 N. Fayette St.

Registration is scheduled for 10:30 a. m. The meeting will open at 1 p. m. following luncheon at noon. District Commander Earl J. Wrightscl, of Lancaster, will preside.

Capital City Barracks, Riverside Barracks, Licking County Barracks, Smith Lawson Barracks and Fairfield County Barracks are expected to be represented.

Arab-Israeli Gun Duels Continue

TEL AVI (VAP) — One Israeli soldier was killed as Egyptian and Israeli forces traded gunfire across the Suez Canal Tuesday night and early today, the Israeli army reported.

The firing centered in the Dward Suwar region, midway along the 103-mile waterway, a spokesman said.

In Amman, the Jordanian capital, the Palestine Armed Struggle Command said four of its guerrillas and several Israeli soldiers were killed in a clash Tuesday in the Jordan Valley, and that the Arab raiders destroyed three Israeli armored vehicles, two heavy machine guns and a radio post.

The Israeli army reported earlier that two Arab saboteurs were killed in the clash, but mentioned no Israeli casualties or damage.

The Israelis also reported two gun duels between Israeli and Jordanian forces in the Beisan Valley but said nothing about casualties.

Defense Minister Moshe Dayan told Knesset, Israel's parliament, that 119 Arab saboteurs had been killed by Israeli troops from Jan. 1 to July 7.

Collier Hits 'Bad Report' By Critics

COLUMBUS, Ohio (AP) — "We try to protect the working man's pocketbook," State Finance Director Howard Collier said Tuesday in response to charges that Ohio lags most other states in public spending.

"Ohio is not in a race to outspend any other state or to burden the people with excessive taxes," Collier said. "We believe in money management and in giving taxpayers the most for their tax dollars."

Collier commented on a report prepared by John F. Burke Jr. and Edric A. Weld Jr., assistant economics professors at Cleveland State University.

They charged that Ohio hasn't spent enough in the past 17 years on education, hospitals, police protection, health and natural resources, and said the state ranks near the bottom in almost every comparison with other states.

Collier said proposals advanced by the researchers would require a 50 per cent increase in state taxes.

"This would mean \$300 in additional taxes for every family in Ohio," he said.

Collier said he was happy to plead guilty to the charge that Ohio has the lowest taxes of any state and that Ohio's level of spending is lower than comparable states.

Agnew Fast With Quips

NEW YORK (AP) — Vice President Spiro T. Agnew was quip from the hip in an appearance before the annual meeting of the American Medical Association.

With reference to the role reportedly played by the AMA and Senate minority leader Everett Dirksen in blocking Health, Education and Welfare Secretary Robert H. Finch's selection of Dr. John H. Knowles as Finch's health assistant, Agnew fired off these one-liners Tuesday:

"I bring you greetings from Secretary of Health, Education and Welfare ex-officio Everett Dirksen."

"If he gets sick," Agnew said of Finch, "he'll take care of himself."

Agnew also said Finch holds no ill feelings for the AMA. Finch told him so, Agnew said, "when I bumped into him last night in a Christian Science reading room."

Benjamin Franklin was aboard the 16 gun-brig Reprisal when she captured two British vessels in 1776.

VISITORS FROM MANY COUNTRIES—Forty boys and girls from nearly as many countries, who spent the last three nights and two days here, today are rolling along over the highways in their chartered bus toward Washington, D.C., and their homelands around the world. The 19 boys and 21 girls, who spent the school year under the American Field Service program in cities and towns in New England, arrived here Sunday and left at 8 a.m. Wednesday for Agtlen, Pa., and then on to Fairfax, Va. They were special guests at a farewell picnic and farewell party at the Mahan Building Tuesday night. The affair, sponsored by the Rotary Club, one of the principal AFS backers here, brought the foreign

Reds See Mid-August Arms Talks; Study Moratorium

WASHINGTON (AP) — Arms limitation talks with the Soviet Union could begin in the second week of August according to word of a completely informal and unofficial kind from the Russians, administration sources report.

Policy makers here still are shaping their position. But it is hoped the information is correct because the administration is said to want some sort of moratorium set for at least part of the nuclear weapons family before the year is out.

Official word is expected with the return of Soviet Ambassador Anatoly Dobrynin from Moscow consultations.

The United States, officials say, is ready to cede on-site inspection for the preliminary moratorium, say, on further missile deployment by either side. This would be monitored by existing intelligence methods.

With a preliminary freeze in effect the negotiators could then move toward a master agreement for halting all kinds of strategic nuclear weapon deployment—with on-site inspection.

The central issue in the negotiations is whether the two great powers can freeze their weap-

4 Journalists Are Arrested By Greek Junta

ATHENS (AP) — Greece's military regime arrested four journalists before dawn today for questioning about nine time bombs found in the home of a university professor.

The journalists were John Kapsis, editor in chief of the afternoon daily Ethnos, Dimitrios Mortoyas and George Tsapogani of the morning daily To Vima, and a woman, Eleni Gotsamani of the afternoon Apogevmatini.

The explosives were found in the home of Prof. Dionysios Karageorgas after an explosion there Monday night which seriously injured the professor. He is reported still in a coma.

The police spokesman said it has not been determined whether Karageorgas had been manufacturing the bombs or just storing them, "but he is pretty much involved."

Skeleton Sessions Of Assembly Slated

COLUMBUS, Ohio (AP) — Ohio House Speaker Charles F. Kurfess said Tuesday following a Republican caucus that members have agreed to hold skeleton sessions Wednesday and Thursday of next week.

During the period, the Senate would be able to clear up important bills it now has in committee. Then when the House, which has most of its work done, comes back into full session, both houses can push for adjournment.

Ex-President Johnson Heads VIPs At Launch

CAPE KENNEDY, Fla. (AP) President Lyndon B. Johnson said as he and 500 other special guests marked time before the Apollo 11 launching.

"You must be prepared to accept the worst, but you hope for the best," Johnson explained. Vice President Spiro Agnew, like Johnson, arrived in the jam-packed Cape Kennedy area on the eve of the flight to the moon and attended a private

dinner party given by Dr. Thomas O. Paine, administrator of the National Aeronautics and Space Administration.

Not all the VIPs had housing in the immediate vicinity of this cape midway down Florida's east coast. Dr. Lee A. DuBridge, President Nixon's science adviser, stayed overnight in Orlando, 50 miles away.

Sixty-nine ambassadors of foreign governments fly in this morning, as do many other visitors.

Ten representatives of the "Poor People's Campaign" of the Rev. Ralph David Abernathy were added to the VIP list after a meeting with Paine.

They protested the nation's high spending on space exploration compared to antipoverty programs.

Paine promised Abernathy 10 VIP passes and said if it would solve the problems of the poor by withholding the Apollo 11 shot no button would be pushed, but it wasn't that simple.

President Nixon wasn't here to join the 40 mayors, 19 governors and 275 U.S. business leaders on the VIP list, but he telephoned best wishes to astronauts Neil Armstrong, Michael Collins and Edwin Aldrin Jr.

Nixon originally was to have dined with the Apollo 11 astronauts on the eve of their departure from Earth. But he canceled this plan when space agency doctors expressed concern that Armstrong, Aldrin and Collins might catch a cold or other germ from the President.

Nixon plans to be on the aircraft carrier Hornet July 24 when Apollo 11 splashes down in the Pacific.

The Apollo 11 crew had steak and mashed potatoes with seven other astronauts.

The most important visitors of all, to Apollo 11 commander Armstrong, were his wife Janet and sons Eric, 12, and Mark, 6. They were assigned a private site on the cape to watch the liftoff.

Wapakoneta Holds Its Breath

By STEVE DRAKE
Associated Press Writer
WAPAKONETA, Ohio (AP)—The people in Wapakoneta, tucked deep in the hinterlands of northwestern Ohio, sent their hopes and prayers with their hometown hero—Astronaut Neil Armstrong—as he embarked today on man's most epic journey—a far away trip to the moon.

For eight long days this community's 7,000 residents will

have but one thought in mind—the courageous adventure of Armstrong and his fellow astronauts, Edwin Aldrin Jr. and Michael Collins.

And for Armstrong himself, it will be a dream come true when, if all goes well, he becomes the first man to step on the moon, a lonely, hostile orb nearly a quarter of a million miles from home.

His family—parents Stephen

and Viola and grandmother, Mrs. William Korpeter—planned to watch the entire flight on television in their home at 912 Neil Armstrong Drive.

"I haven't had time to think of it," said Stephen Armstrong about the journey. "He (Neil) is more calm and collected than his mom and dad."

"Neil called this morning and we had a good chat," Mrs. Armstrong said Tuesday evening.

"It's a wonderful, tremendous experience."

Most stores here display Armstrong's picture, townsfolk fly the flags of the United States and Ohio, street banners proclaim "God's Speed Neil" and the Armstrong family church—St. Paul's United Church of Christ—planned prayer vigils during the crucial periods of the flight.

There will be no major celebration here immediately.

"I don't think any wild demonstrations are in good taste," said Charles Brading, chairman of the homecoming celebration. "We'll hold the excitement until everything is all right and Neil steps from the spacecraft" when the astronauts return to earth July 24.

Residents here attempted to carry on normal lives in a community that is no longer typical of a small, midwestern county seat.

"Everyone is thrilled and excited but everything will go on as usual," said Mrs. Lura Kantner, who added she would take a radio to work to listen to the flight.

Many businesses ordered television sets so their employees and customers could view the launch.

"Some people are apprehensive, others concerned about the flight," said Dudley Schuler, a local florist and lifelong friend of Neil. "Once the flight begins, we'll all settle back and have the confidence the rest of the country has in the Apollo flight."

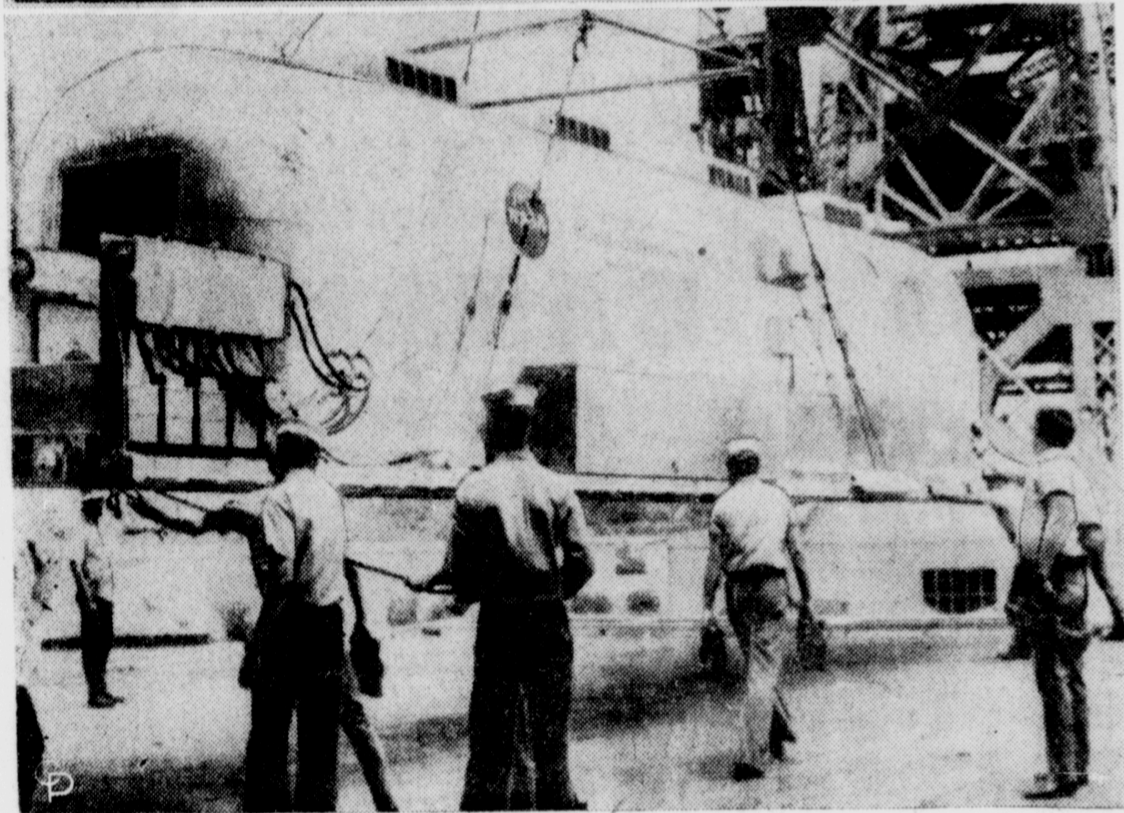

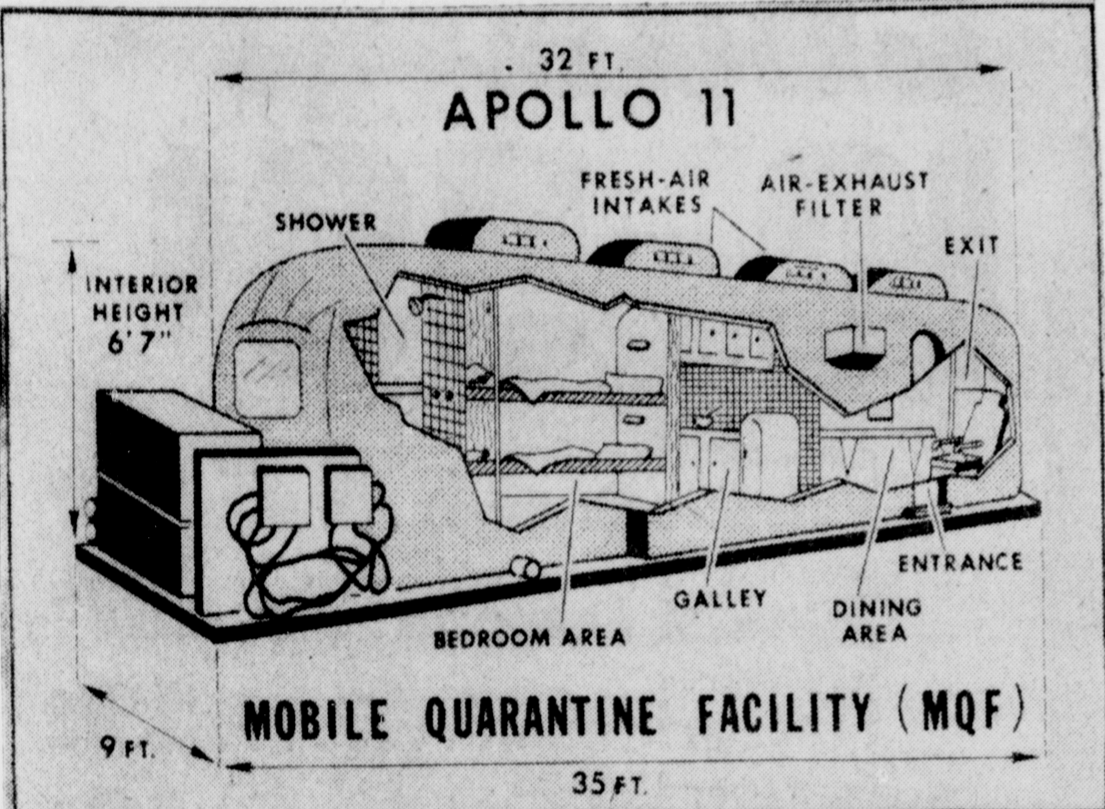

Home Paper Doesn't Receive Accreditation

WAPAKONETA, Ohio (AP)—The Wapakoneta Daily News, only newspaper in Neil Armstrong's home town, complained in an editorial Tuesday that it did not receive press credentials to view the Apollo 11 liftoff at Cape Kennedy.

Editor G. W. McCoy said the newspaper also was denied accreditation to put a newsman aboard the recovery ship.

McCoy said he had been advised by the National Aeronautics and Space Administration two months ago that he would receive the Cape Kennedy credentials within a few days. But they still hadn't arrived by Tuesday, the day before liftoff.

"Japanese newsmen, as well as other foreign and American news media, received their press badges months prior to this," the editorial said.

THE MOBILE QUARANTINE FACILITY for the Apollo 11 astronauts is loaded onto the aircraft carrier Hornet, the prime recovery ship, at Honolulu. On return from the Moon, they will be quarantined in it until examined for contaminants.

World Gears Up For Apollo Trip

LONDON (AP) — Newspapers and TV stations around the world geared up today for marathon coverage of the Apollo 11 mission, and a British science fiction fan got ready to collect \$24,000 on a \$24 bet.

David Threlfall of Lancashire will win 10,000 pounds Sunday if astronauts Neil A. Armstrong and Edwin E. Aldrin Jr. land their lunar module on the moon. Five years ago, Threlfall put down 10 pounds with a bookie who was offering 1,000-to-1 odds that man would not reach the moon before 1971.

All London newspapers played the Apollo story on their front pages. "WE'RE ALL READY TO FLY," bannered the Daily Sketch. The Daily Express, reporting the relaxed attitude of the three astronauts, asked in a headline: "HO HUM—ANYONE FOR THE MOON TODAY?"

British television stations scheduled live coverage through splashdown time next Thursday, and the British Broadcasting Corp. arranged to relay the broadcasts by cable to the continent. The BBC planned to receive the signals via transatlantic satellite at a cost of up to \$240 a minute.

Church bells will ring throughout Venezuela and Brazil Monday as Armstrong and Aldrin step down to the moon's surface. Plans were reported

under way in Venezuela to declare the day a holiday.

The U.S. Embassy set up a giant television screen in Rio de Janeiro's Museum of Modern Art to show telecasts of the flight. The museum will stay open all night Sunday for the landing.

Students in Bogota, Colombia, will have Monday off so they can stay up late Sunday to watch the landing. The Colombian government asked TV manufacturers to put sets in all town

squares. All soccer games in the country Sunday were canceled.

In moonstruck Japan, millions were expected to watch the landing in live telecasts beamed via satellite. One TV announcer planned to live in a guarded hotel room through Tuesday, wearing a space suit and eating space food. Department stores displayed models of the Apollo command ship; Apollo models are being used as portable shrines at summer festivals.

The Yugoslav newspaper Vencenje Novosti offered an \$800 prize to any reader correctly predicting Armstrong's first words on the moon.

A Hymn for Cosmonauts, commissioned by Belgrade Radio and written by poet Bozidier Timotijevic and composer Vojislav Kostic, will be used as a theme song during each of the station's Apollo newscasts.

The Cheese Club in Melbourne, Australia, sent the astronauts a telegram saying: "If you find moon made from green cheese as hoped by many Australian cheese lovers we would

welcome sample for special cheese tasting."

Winners Named In Area 4-H Speaking Contest

A Green County girl and Pickaway County boy are winners of the 10-county Area Extension Service public speaking contest.

The contest, in which nine girls and eight boys participated, was held Monday in the Good Hope United Methodist Church.

Darlene Young, of Greene County, spoke on "That'll Be the Day" and the subject of Pickaway County's Terry Hamilton was "Caution at the Fair."

Richard Owens, Jefferson Township, was the only Fayette County contestant. The 10 counties in the area are Fayette, Madison, Clark, Pickaway, Greene, Ross, Highland, Clinton, Brown and Adams.

The area winners will go to meet the winners from the 10 other Ohio Extension Service areas for the state title. State winners will compete for the national title at the 4-H Club Congress in Chicago.

Service Notes

Home On Leave

James Merle Wilson, home after 18 months of Army duty on Okinawa, is spending a 30-day leave with his parents, Mr. and Mrs. James M. Wilson, Rt. 3.

He expects to be assigned to Sinop, Turkey, at the expiration of his leave. A 1965 Miami Trace High School graduate, he entered the Army in April 1967, after 18 months at Ohio State University. He received basic training at Ft. Dix, N. J., and special training for assignment to the Army Security Agency at Ft. Devens, Mass. He went to Okinawa in January of 1968.

Ohio Soldier Killed

WASHINGTON (AP) — The Department of Defense Tuesday identified Army Sgt. Bobby L. McCoy of Toledo as one of 17 recent Vietnam casualties.

THE CABLE IS Coming!

We're sorry for the delay, but it does take time to construct the kind of CABLE TV system that will give you, the people of Washington Court House the finest reception that modern electronic know-how makes available.

We have divided the city into six construction areas, starting at the Northwest, near our tower site, on Route 22 and working through the city. The first section is now operational.

In order to help our construction crew and installers, please fill out the coupon at the bottom of the ad. There is absolutely no obligation! We would like for you to see the wonders of 12 Channel CABLE TV at our expense for 15 DAYS. If you like the service, it will cost \$5.00 per month. If not, you are under no obligation to continue; and your set can be reconnected anytime at a nominal cost.

CABLE TV will bring to your set by COAXIAL CABLE, eleven to twelve channels of entertainment, plus a 24 HOUR TIME-WEATHER-TEMPERATURE Channel (TV 3) with background music. In the near future we will bring local CABLECASTING of Washington Court House events.

Whether your set is old or new, black & white or color, CABLE TV will make a tremendous difference! Better color reception and much more variety in programming (over 110 movies per week) are only a few reasons.

Four area UHF Stations, including WOSU-TV in Columbus are converted at our tower site and delivered to your set.

Over 500 Families have asked for CABLE service! Get your name on the list now.

FILMITE PC-300 is a clear liquid plastic with a high gloss, diamond hard finish. No special talent or special skills required. If you can apply floor wax—you can apply FILMITE PC-300. 5 years of mirror-like, non-slip beauty that never needs to ever be waxed or polished. Easy to keep clean because dirt and grit is actually repelled by this extra hard, sealed surface.

FILMKLEAR PC-400 Anti-Spalling Compound. Stops concrete scaling, spalling and general surface destruction due to freeze-thaw, chemical or salt damage. Stops basement dusting. Enhances the color of patio block. Facilitates snow, ice, grease and oil removal from surface. Will not affect skid or slip characteristics of concrete.

FILMKLEAN PC-500 FilmKlean is a highly concentrated all purpose cleaner designed to be diluted with ordinary water. FilmKlean is 30 cleaners in one because it can be diluted up to 30 ways to provide the best cleaner for your particular needs. From deeply imbedded concrete floor grease to finger marked walls, FilmKlean fits the job perfectly. FilmKlean will not etch or burn the surface. Leaves no white residue or cleaning marks—safe to use.

Today In History

By THE ASSOCIATED PRESS

Today is Wednesday, July 16,
the 197th day of 1969. There are
168 days left in the year.

Today's highlight in history:
On this date in 1945, the first
atomic bomb was exploded over
the desert near Alamogordo,
N.M. The blinding flash of light
marked the dawn of a new age.

On this date:
In 1790, the District of Colum-
bia was established as the seat
of the U.S. government.

In 1862, David Glasgow Farragut
became the first admiral in
the U.S. Navy.

In 1918, Russia's Czar Nicho-
las II, his empress and their
five children were executed by
the Bolsheviks.

In 1951, King Leopold III of
Belgium abdicated and was suc-
ceeded on the throne by his son,
Baudouin.

In 1958, rebels in Lebanon of-
fered no resistance as U.S. Ma-
rines took control of the Beirut
airport to aid the Lebanese gov-
ernment.

In 1964, Sen. Barry M. Gold-
water of Arizona accepted the
Republican presidential nomina-
tion at the party convention in
San Francisco.

Ten years ago: It was clear
that Sen. Hubert H. Humphrey
of Minnesota would seek the
Democratic nomination for
president.

Five years ago: A postal
strike in Britain halted the na-
tion's mail service.

One year ago: In South Viet-
nam, U.S. troops protecting the
southern approaches to Saigon
defeated a large enemy force,
killing 76.

Three thousand years ago the
Olmec people created a culture
that influenced all later Mexican
civilizations. They were the first
known Americans to emerge
from a simple agricultural
society and form a civilization
with art and religion. They
devised a calendar, a form of
writing, earth pyramids and an
art style that spread
throughout Middle America.

The PRINTED WORD!

Why is it so important in advertising?

1. IT'S CLEAR

2. IT'S PERMANENT

3. IT'S BELIEVABLE

The newspaper is the GREATEST ADVERTISING MEDIUM for many reasons. One of them is that it carries the power of the printed word. People believe in a message that is permanent--one that is written. They understand it better. Also, the newspaper because of its performance lets the reader choose his own time for absorbing the message. And once put down it can always be picked up again. The message that lives is the one that is written in the newspaper.

Ohio's County Fairs Progress With Times

By STEVE DRAKE
Associated Press Writer

The frolic of the midway, the callop of the merry-go-round and competition of harness racing and other events will lure nearly six million persons to county fairs in Ohio this summer.

Fairs — a part of the nation's English heritage — began nearly five centuries ago as English merchants and farmers exhibited their products and wares.

Competition today ranges from pie baking contests to harness racing. Fairs offer enjoyment for nearly every segment of society — from youth to senior citizen and from rural to urban.

Woven among the state's 94 county and independent fairs are 24 festivals — from the steam threshers in Urbana to the annual pumpkin show in Circleville.

The fair season opened last Saturday with the traditional early bird — the Jackson County Fair in Wellston. The season continues through Oct. 11 at the Fairfield County Fair in Lancaster.

Fairs traditionally were shows of agricultural prosperity. Urbanization forced many to change and include industrial

products as well as numerous rides and amusements which attract the young.

"Attendance is increasing because fairs keep updating," says Dave Rudy, executive secretary of the Ohio Fair Managers Association. "The fairs are keeping up with their locality. Industrial areas are putting that into the fair."

About one-fourth of the fairs offer rodeos and 73 include harness racing programs. The biggest trotting race in Ohio is the Little Brown Jug — one of the triple crown of harness racing — held annually at the Delaware County Fair.

The county fairs are run by county agricultural societies. Ohio's 98,000 society members pay a yearly \$2.55 membership fee and each county elects a county fair board which runs the fair and the fairgrounds.

Last year the Buckeye State's 94 fairs reported total receipts of \$8,315,000 and total expenses of \$8,342,000.

Premiums in the senior fair totaled \$585,520 while junior fair premiums totaled \$387,560. The premiums include prizes, awards and trophies given in competition from cattle shows to pie baking and sewing contests.

The state's biggest county fair

—the Canfield or Mahoning County Fair — drew 403,000 persons in five days last year.

Grace E. Williams, secretary of the Mahoning County Agricultural Society, which operates the Canfield Fair, said they used many free attractions to lure the people to the fair.

She said these included such things as: a pioneer village, a steam powered farm machinery show; baseball town U.S.A. featuring former Cleveland Indian

ROUGH RIDERS 4-H

The Rough Riders held their regular meeting at the Good Hope Arena.

The meeting was conducted by Jonelle Shoemaker. Troilee McNeal led the pledge. Pictures were taken for the scrap book.

The club was reminded that fair entries must be made on Saturday, July 12. Horses have to be at the fairgrounds by 4 p. m. on Monday, July 21.

The advisors and Junior Leaders helped the club practice horsemanship and showmanship.

The meeting was adjourned. Refreshments were served by Becky Hoppes and Jeannie Lane.

On July 6, the Rough Riders had a "Fun-Day" at the Arena. Eight contest classes were held and trophies and ribbons were given. First place winners in the Sack Race were Jeannie Lane and Jo Shoemaker; Boot Race, Rick Miller; Ride and Run, Rick Miller; Catalogue Race, Becky Johnson; Drunkard's Paradise, Becky Hoppes and Brenda Finley; Diaper Race, Becky Johnson and Vicki Miller; Egg and Spoon, Penny Hardman; Goat Tying, Rick Miller.

A wiener roast and potluck supper concluded a most enjoyable afternoon of fun.

Gale Braden, Reporter

Time For Progress

NEW DELHI (AP) — The machine age is finally coming to Indian road building.

Officials have imported three huge road-building machines as part of a major widening and strengthening of New Delhi streets. They decided the old system of hauling hand-mixed asphalt in baskets on the heads of workmen was too slow.

A Beautiful Job

FRANKFORT, Ky. (AP) — The highest paid lobbyist during Kentucky's 1968 Legislature was hired by a group of cosmetologists. He earned \$3,500 salary and \$515 expenses for one month.

No Superstars At Cincy, But Lee May Comes Close

CINCINNATI (AP) — Superstar? There is none on the Cincinnati club, says skipper Dave Bristol. Not even Lee May. Superstar rumors leaked out Tuesday night after the slugging first baseman hammered out four home runs—one a grand slam—and 10 RBIs against the

Atlanta Braves Tuesday in a two-night doubleheader. The Reds took the finale 10-4 but blew the opener 3-8. Bristol didn't start the rumor and he was quick to end it. "There are no superstars on this club," he said in answer to a reporter's question. "Every

man is treated the same here. I'm not going to let anybody be a superstar. It takes everyone and every guy on this club knows that."

The grinning May heard none of this as he was being interviewed in another part of the clubhouse.

"I laid off batting practice today," he said, explaining he was tired from the recent road trip. "I used Johnny Bench's bat and I think I'll keep it."

May's three-run wallop in the third inning of the nightcap sent Cincinnati ahead 5-2 and he poled his second of the game—his 27th of the season—in the fifth with one runner on.

In the first game, May blasted the ball out of the park in the second inning with the bases loaded and added a second homer in the third.

The 10 RBIs pushed his total to 73, fourth best in the National League. May has hit two homers in five games this season.

The Reds were coasting along in the first game—until the ninth inning when the Braves launched a four-run drive capped by pinch hitter Bob Aspromonte's three-run homer.

Tony Perez hit a homer for Cincinnati in the first game and Pete Rose added one of his home in the nightcap. Pitcher Jim Maloney, recorded his fourth victory in six decisions. It was his first victory since hurling a no-hitter against Houston on April 30.

Bristol was pleased with the big right-hander who has suffered shoulder problems most of the season. Asked why Maloney left after 6-2-3 innings in the nightcap Bristol said: "He was tired."

Richard Petty Wins

BELTSVILLE, Md. (AP) — Richard Petty of Randleman, N.C., drove his 1969 Ford to victory Tuesday night over runner-up David Pearson of Spartanburg, S.C., in the fourth annual Maryland 300 at Beltsville Raceway.

After losing three of the first four games the Detroit Tigers won the World Series. Only two other teams won the series that way.

May's first game performance was overshadowed by Atlanta's Bob Aspromonte, who pinch hit a single in the eighth inning and then smacked a three-run homer in the ninth inning that gave the Braves their victory. Hank Aaron hit his 534th career home for Atlanta, tying him with Jimmy Foxx for fourth place on the alltime list.

Al Weis stroked a three-run homer—only the fifth of his eight-year major league career—helping the New York Mets take Chicago, Ken Boswell also homered for the Mets and Ron Taylor saved the victory for Gary Gentry after consecutive eighth inning homers by Billy Williams and Ron Santo knocked out the New York starters.

San Diego exploded for six unearned runs with two out in the fifth inning, knocked out Juan

Marichal and beating San Francisco. Tito Fuentes' error opened the gates for the Padres. Ollie Brown unloaded a three-run homer for San Diego and Willie McCovey connected for the Giants.

Carl Taylor drilled a homer and two-run double in an eight-run Pittsburgh first inning and the Pirates pounded Montreal. Richie Hebner also homered in the first for Pittsburgh and Luke Walker won his first major league game on a three-hitter. Rusty Staub and Bob Bailey homered to account for all the Expo runs.

Houston wiped out a five-run deficit, tying Los Angeles in the fourth inning and then pushed across three more runs in the sixth to beat the Dodgers. Norm Miller, who had driven in two runs in the Astros' big fourth, knocked in the tie-breaking run with a single in the sixth.

LAUDS JAP B. B.—Gordon Windhorn (left), after a minor league career in the U.S., says he's now making more money playing baseball in Japan than he could if he now played in the U.S. He is with the Hanka Braves. At right is the team manager, Yukio Nishimoto.

Most Top Names In Golfing Set For Philadelphia Classic

PHILADELPHIA (AP) — Most of the top names in golf are coming together again for the \$150,000 Philadelphia Classic, but it's a good bet that one of the newly-dominant figures in the game will walk off with the top prize.

After a two-week hiatus from the American tour to compete in the British Open, such players as Orville Moody, Lee Trevino and Billy Casper are making an appearance. Arnold Palmer was due back from a two-week rest today. Julius Boros returned

B'burg Finishes Season At 9-1

Bloomington ended the 1969 Tri-County Little League season Tuesday night with its ninth victory in 10 games. Already crowned the league champions, the Bloomingtoners put the icing on the cake as they thrashed New Holland 19-1.

Bloomington played errorless ball in the field and banged 14 hits in claiming the title. Skinner and Brown pitched for Bloomington, combining for nine strikeouts and two bases on balls. Skinner received credit for the win.

Hill was tagged with the loss, fanning three and walking eight. Mossberger cracked four hits to lead Bloomington's offense. Herman came up with three hits, and Skinner and Byrd had two apiece.

from a week's layoff. But the favorites for the \$30,000 first place check probably would be found in the quartet of Frank Beard, Dave Hill, Charles Coody and New Zealand's Bob Charles.

Their credentials are among the best. They're the hottest players in the game, and, with the exception of Charles, all recent winners.

Hill, 32, has won two of his last three starts, has been sixth or better in five of his last seven tournaments and has earnings of more than \$99,000, his best year ever.

The laconic Beard, 30, winner of last week's Minnesota Classic, has been fourth or better in three of his last four starts and has six finishes of fourth or higher. He has more than \$95,000 in earnings but complained of being tired and said his start was "another day at the office."

He broke a two-year victory famine last week while Coody, 32 just a couple of days ago, ended a four-year drought in his last start three weeks ago, has finished in the top three in three of his last four tournaments and has over \$67,000.

Charles, 33, a left-hander, hasn't won but has one of the best records on the tour. He was second in the British Open and has been in the top 10 in nine of his last 11 starts.

And, too, defending champion Bob Murphy could be a factor when the 72-hole test begins Thursday.

Among the late withdrawals from the 146-man field were Masters champion George Archer and Mason Rudolph. Tony Jacklin, the new British Open champ, South African Gary Player and Jack Nicklaus were not entered.

Southside Downs Jamestown, 20-8

Southside Church of Christ's softball team stayed on top of the 10-team Church of Christ League standings Tuesday night as it rolled to a 20-8 victory over Jamestown Church of Christ at Jamestown.

Southside collected 25 hits in the game, including four by Allan Huffman and three each by Jim Creamer and Hawk Hatfield.

Frank Creamer gained the win on the mound for Southside, while Harold Wolfe took the loss for Jamestown.

Southside is now 4-0, leading the league by a half-game. Greenfield is second at 4-1 and Jeffersonville is third at 3-2.

Throwing errors by third baseman Paul Schaal and pitcher Bill Butler set up three eighth inning runs as the Angels subdued the Royals behind right-hander Tom Murphy's seven-hitter.

Reggie Smith drilled three singles and two doubles as the Red Sox took the opener from the Yanks despite homers by Joe Pepitone and Frank Fernandez. Smith singled his first time up in the nightcap for a string of six straight hits, but Stan Bahnsen stopped him thereafter on the way to a six-hitter.

John "Blue Moon" Odom smashed a three-run homer and also pitched a six-hitter, leading Oakland past the Pilots, who have lost six in a row. Odom, 13-3, capped a five-run sixth inning burst with his third homer of the year.

While bringing his record to 9-2, Phoebus gave up eight hits including a first-inning homer by Larry Brown. Two of the subsequent hits never left the infield and another was a blooper.

Orioles Smash Cleveland 5-1; Phoebus Stars

BALTIMORE (AP)—The Baltimore Orioles again scored a lot of runs for Tom Phoebus, but the blocky right-hander hurled a strong game in beating the Cleveland Indians 5-1 Tuesday night.

While bringing his record to 9-2, Phoebus gave up eight hits including a first-inning homer by Larry Brown. Two of the subsequent hits never left the infield and another was a blooper.

The hardest hit ball was a game-opening drive by Jose Cardenal, caught by Baltimore center fielder Paul Blair on a spectacular over-the-shoulder grab at the fence.

Blair also fielded a two-out single by Brown in the fifth and threw Ken Suarez out at the plate. After that, Phoebus allowed just two hits and retired 11 batters in a row before Hawk Harrelson's infield hit with two outs in the ninth.

Brooks Robinson singled home Frank Robinson in the fourth to tie the score, and Andy Etchebarren's two-run single in the fifth made it 3-1. The hit came after loser Sam McDowell, 11-9, struck out Brooks Robinson with the bases loaded for the second out.

Boog Powell socked his 24th homer in the seventh following a walk to Frank Robinson, who scored three times. Powell upped his RBI total for the season to 85 to equal his entire 1968 output.

The Orioles were most impressed by the control of the sometimes wild Phoebus, who failed to issue any walks and threw only 110 pitches.

"I don't know if throwing in the bullpen has helped," said Phoebus, who has made two recent appearances including 2-2-3 Friday, "but my rhythm was the best it's been all year."

Despite his 9-2 record, Phoebus still has a high 3.47 earned run average. But the Orioles, 14 games ahead of runner-up Boston in the American League's Eastern Division, have scored five or more runs in seven of his victories.

Lands Large Walleye At Deer Creek Dam

Two Columbus fishermen — Thomas R. Gray and Marvin Crawford — caught a string of seven fish below Deer Creek Dam Monday which totaled 13 1/2 pounds in weight. Six were walleyes and one was a channel catfish, according to Gerald Dunn, of Dunn's Sporting Goods at Waterloo.

The largest of the fish was a rarity since the stocking program in Deer Creek waters is less than a year old. It was a 3 1/2 pound walleye which measured 22 inches.

BRL Race Becomes Cliffhanger

Brays Bumps Sabina, 6-2

Brays combined excellent fielding with a neat five-hitter from pitcher Allen Coppock Tuesday night to bump off league-leading Sabina, 6-2, at Roszmann Field.

The Brays victory now gives Willis Insurance and the Medics an opportunity to share a part of the 1969 Fayette County Babe Ruth title if Sabina should falter in its last game of the season, scheduled tonight on the Sabina diamond against Willis.

In the other game Tuesday night at New Holland, the Medics kept in the race with a 19-1 victory in a game which was called after five innings.

Coppock scattered five hits over the seven inning stint, fanning four and walking three. He also hit one batter. Whittington started for Sabina, and was relieved by Ailshire in the fourth inning. Together, they were responsible for 10 hits.

Coppock actually won his own ball game at bat, slamming two singles and a double. He drove in four of Brays' six runs. It was in the first inning that he hit a single which plated

Latricia Robinson WCC Golf Champ

Miss Latricia Robinson, carding rounds of 47-42-44-43 for a 36-hole total of 176, won her second straight Washington Country Club Women's Golf championship Tuesday over a sultry Washington course.

Mrs. James Conley won the First Flight championship with a 202 final score and Mrs. Allen Willoughby was the Second Flight winner with an 18-hole total of 114.

The repeat victory by Miss Robinson came after Mrs. Max Lawrence pushed her the entire 36-hole, two-day match. Mrs. Lawrence finished only two strokes off the pace with a 178 total, carding rounds of 48-44-43-43.

Other finishers in the championship flight, who had

handicaps of 24 or less were Mrs. William Weade, 192; Mrs. Robert Herron, 194; Mrs. Ralph Bray and Mrs. Donald Moore, 197; and Mrs. Parker Hitzfield, 198.

First Flight contestants, with 25 to 35 handicaps, were Mrs. Conley, winner with a 92-110-202 card; Mrs. Robert Heiny, 207, runnerup; Mrs. Eugene Heath, 213; Mrs. Gerald Beggs, 220; and Mrs. Harry Speakman, 221.

In the Second Flight competition, where the ladies completed only nine holes each day, Mrs. Allen Willoughby was the winner with scores of 62 and 52 for a 114 total; Mrs. Larry Lehman, 63-66-12-9 runnerup; Mrs. Otis Hess, 139; and Mrs. Betty Oswald, who competed only on Monday

Thump Downtown 12-5

Mustangers Reign As Unbeaten Champs

Halliday's Mustangers wrapped up the first unbeaten season in the major division of the Little League in several years Tuesday night by clobbering Downtown Drug 12-5 at Wilson Field. The victory gave them a 14-0 record.

In the other season-closing game at Wilson Field, the Cubs thumped the Wheels 15-7 to gain a tie for sixth place in the league standings.

In minor league play, Sagor clubbed Bumgarner 15-5 and First Federal swamped the Elks 24-12.

The Mustangers pounded 13 hits as they dumped Downtown Drug in the first game of the evening doubleheader. Brown had two hits, including a homer, and Riley laced three safeties in as many trips to the plate.

Gardner and Cauley also came up with two hits apiece. Gardner and Brown were the pitchers for the Mustangers, totaling seven strikeouts and six bases on balls.

The Mustangers scored three times in the first inning to grab the lead, but were tied at 5-5 when Downtown rallied in the fourth frame.

The Mustangers retaliated with four runs in their own half of the inning to sew up the victory and the undefeated season.

Gleadell was the losing pitcher for Downtown Drug, whiffing nine and walking two. Redman, Wyatt and Harris rapped two hits apiece for the losers.

The Mustangers were presented the championship trophy by Bill Martin, LL co-ordinator, between games of the twinbill.

The Cubs blew a tight 6-5 contest wide open in the fifth

inning of the second game as they rampaged for nine runs.

Bonner struck out five and walked six as he pitched the victory for the Cubs.

Estep belted a homer for the Cubs, along with another hit. Bonner stroked three hits himself, and Holbrook and Mustine contributed two hits each.

Tuvel and Jett were on the mound for the Wheels, striking out three and walking three.

McClung had two hits for the Wheels.

Sagor scored seven runs in the first inning and added five more in the next frame to open a 12-2 advantage early in the game. It was able to hold on and defeat Bumgarner 15-5 at Eastside Field.

Ackley struck out 12 and walked one for Sagor, while Hixon took the loss for Bumgarner, fanning two and allowing four bases on balls.

At Armbrust Field, First Federal unloaded on the Elks, romping to a 24-12 victory. No other information was reported.

Cards Win, Cincy Spits Games

By HAL BOCK Associated Press Sports Writer

It was payday in St. Louis and May-day in Cincinnati.

Warmed by the cushion of freshly drawn paychecks in their wallets, the Cardinals responded by battering Philadelphia pitchers for 17 hits and ripping the Phillies 8-2 Tuesday night. It marked the 23rd consecutive time that the Cards have won on a payday—a streak that extends back to August 1967.

Cincinnati's Lee May, who hits his homers in bunches, had a bunch against Atlanta in a two-night doubleheader which the Reds split with the Braves. May connected twice in each game and drove in 10 runs in the twinbill as the Braves took the opener 9-8 before the Reds salvaged the nightcap 10-4.

Elsewhere in the National League, New York nipped Chi-

cago 5-4, San Diego rapped San Francisco 10-3, Pittsburgh walloped Montreal 9-3 and Houston outlasted Los Angeles 10-7.

If the Cards played as well the rest of the month as they do on the first and 15th—those are paydays for all major leaguers—manager Red Schoendienst would have no problems.

Julian Javier, Curt Flood, Joe Torre and Mike Shannon each tagged three hits for St. Louis and rookie Chuck Taylor, making his first major league start, went the route for the victory. Taylor also batted in two runs.

May, who socked six homers in three consecutive games back in May, tying a major league record, had two in each game against the Braves including the first grand slam of his career.

He knocked in five runs in each game, raising his season totals to 27 homers and 73 RBI.

May's first game performance was overshadowed by Atlanta's Bob Aspromonte, who pinch hit a single in the eighth inning and then smacked a three-run homer in the ninth inning that gave the Braves their victory. Hank Aaron hit his 534th career home for Atlanta, tying him with Jimmy Foxx for fourth place on the alltime list.

Al Weis stroked a three-run homer—only the fifth of his eight-year major league career—helping the New York Mets take Chicago, Ken Boswell also homered for the Mets and Ron Taylor saved the victory for Gary Gentry after consecutive eighth inning homers by Billy Williams and Ron Santo knocked out the New York starters.

San Diego exploded for six unearned runs with two out in the fifth inning, knocked out Juan

Marichal and beating San Francisco. Tito Fuentes' error opened the gates for the Padres. Ollie Brown unloaded a three-run homer for San Diego and Willie McCovey connected for the Giants.

Carl Taylor drilled a homer and two-run double in an eight-run Pittsburgh first inning and the Pirates pounded Montreal. Richie Hebner also homered in the first for Pittsburgh and Luke Walker won his first major league game on a three-hitter. Rusty Staub and Bob Bailey homered to account for all the Expo runs.

Houston wiped out a five-run deficit, tying Los Angeles in the fourth inning and then pushed across three more runs in the sixth to beat the Dodgers. Norm Miller, who had driven in two runs in the Astros' big fourth, knocked in the tie-breaking run with a single in the sixth.

Then, with runners on first and second, Ed Brinkman bounced to third baseman Don Wert. He stepped on third and fired to second baseman Ike Brown, whose relay to first baseman Bill Frehan finished off the AL's first triple play of the year.

"Wasn't that something?" said Washington manager Ted Williams, who couldn't recall seeing a triple play off a ground ball during his long playing career. "And the ball wasn't hit that hard. God, it was so easy."

The Orioles snapped a 1-1 fifth inning tie on Andy Etchebarren's run-scoring single, then pulled out of reach on Boog Powell's two-run homer in the seventh, enabling Phoebus to coast to his ninth victory against two losses.

Reggie Smith drilled three

singles and two doubles as the Red Sox took the opener from the Yanks despite homers by Joe Pepitone and Frank Fernandez. Smith singled his first time up in the nightcap for a string of six straight hits, but Stan Bahnsen stopped him thereafter on the way to a six-hitter.

John "Blue Moon" Odom smashed a three-run homer and also pitched a six-hitter, leading Oakland past the Pilots, who have lost six in a row. Odom, 13-3, capped a five-run sixth inning burst with his third homer of the year.

Throwing errors by third baseman Paul Schaal and pitcher Bill Butler set up three eighth inning runs as the Angels subdued the Royals behind right-hander Tom Murphy's seven-hitter.

Surprising Senators Defeat Detroit 7-3

By DICK COUCH Associated Press Sports Writer

Tim Cullen's lunar probe made a soft landing in the visitors' bullpen . . . and swept the President of the United States off his feet.

President Nixon, accompanied by astronaut Frank Borman, took in another Washington ball game Tuesday night . . . and watched Cullen's second-inning home run launch the surprising Senators to a 7-3 triumph over Detroit.

The Senators' No. 1 supporter leaped to his feet and applauded when Cullen, who drove in four runs with a single, double and his first 1969 homer, sent the home club ahead to stay with a drive into the left field bullpen.

"I knew he (Nixon) was there and someone said Borman was in the stands," said the Senators' second baseman, whose

hitting spree overshadowed a rare ground ball triple play turned over by the Tigers.

"As I rounded second after hitting the homer, I was thinking to myself 'I guess I showed him how to put the ball in orbit.'"

The victory, second for the Senators in the five games attended by the President this year, moved them within one game of the third-place Tigers in the American League East.

First place Baltimore trimmed Cleveland 5-1 behind right-hander Tom Phoebus and shot 14 games ahead of runner-up Boston, which split a doubleheader at New York, winning 7-6 before bowing to the Yankees 4-1. Oakland topped Seattle 6-2 and California beat Kansas City 5-2 in other AL games. The Minnesota-Chicago game

was postponed because of wet grounds.

President Nixon, who entertained Al Kaline and Tom Tresh of the Tigers at the White House Tuesday afternoon, appeared unexpectedly at Robert F. Kennedy Memorial Stadium just before game time, along with his daughter, Julie, and her husband, David Eisenhower.

They sat with Senators owner Bob Short in the Presidential box and were joined by Borman, who headed the Apollo 8 moon mission and had just returned from a good will visit to the Soviet Union.

It was Nixon's second visit to the ballpark in six days. After Cullen's two-run wallop, the Senators added two runs in the third inning and struck for three more with none out in the fifth for a 7-1 lead.

Trapshooter's Corner

On The Firing Line

Saturday night's calcutta event at Lynchburg found Frank Kingery and William Garrett breaking all 50 targets to tie for first place.

Sunday's special 100 target calcutta at Five Star was won by Charles Jackson, with Dan Stewart and James Matthews placing second and third, respectively.

Crystal Lake GC held its 7th annual Mrs. H. B. Rader Memorial Handicap on Sunday afternoon. Due to Mr. Rader's recent death, this shoot will hereafter be held in honor of both. As a husband and wife team, the Raders broke 199 of 200 16-yard targets several years ago at the club. At the time, that was an unprecedented feat. The trophy was won by Ralph McKee who broke 99 of 100 from the 20-yard line. McKee will retain the trophy for one year when it will then be returned to the club for future competition.

The 75th annual Indiana State Trap Shoot starts Wednesday and runs through Sunday. The five-day event will be held at the Indiana Gun Club, Fortville, Ind. In addition to the trophies that are limited to Indiana residents, there will be 23 trophies for out-of-state shooters only and another 28 "open" trophies.

REGISTERED shoots will be held Wednesday at Buck-I-71 and at Clark County SC. Friday night will find calcutta events at Clinton County F&SA and at Milford GC. Greenfield Sportsmen's Assn. will have a calcutta event, along with their regular shoot, on Saturday night.

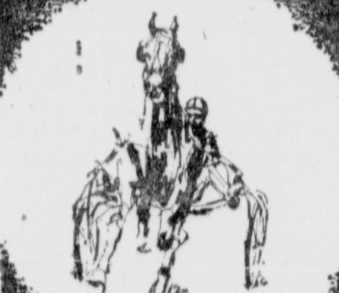

The Fayette County Fish & Game Assn. will have its usual varied program on Sunday. Featured will be 16-yard, 20-yard, 25-yard, red bird and back up matches. New Shooters are always welcome and readers who have long wanted to give trapshooting a try should come out to one of the semi-monthly shoots. Everyone there is always ready and willing to give new shooters a helping hand and most, if not all, of the county's top shooters get their start the same way.

FOR THOSE shooters who may want to register a lot of 16-yard targets in a hurry, Saturday is a golden opportunity. Clark County SC

No Excuses, Now, For Keglers At Bowland

Unique Machine Reworks Alleys

Local keglers won't be able to blame their gutter balls and open frames on the lanes any longer if they bowl at Bowland, located on CCC Highway - W. This week, the 16 lanes are being resurfaced and refinished, to guarantee only the truest roll of the ball.

Although the resurfacing is done every year, this is the first year that an automatic sanding machine has been employed.

The machine is new here, and is the only one of its kind in the area.

Among other features of the new machine is that it sands the lane with the grain of the wood, and not against it. Most sanding machines sand across the grain. The machine, which is manufactured in New York, was first produced only three years ago.

THE AMERICAN Bowling Congress specifies that lanes must be level within .04 of an inch.

After the sanding operation is finished, six coats of finish will be applied to each lane.

Resurfacing the lanes is necessary, because minute dents and bumps build up over a year which can effect the roll of the ball.

Bowlers will have to rely on only their own skills after the operation is finished. At some lanes across the land, mainly in large cities where there is heavy competition between various bowling establishments, lanes have been resurfaced with grooves in them to help raise scores.

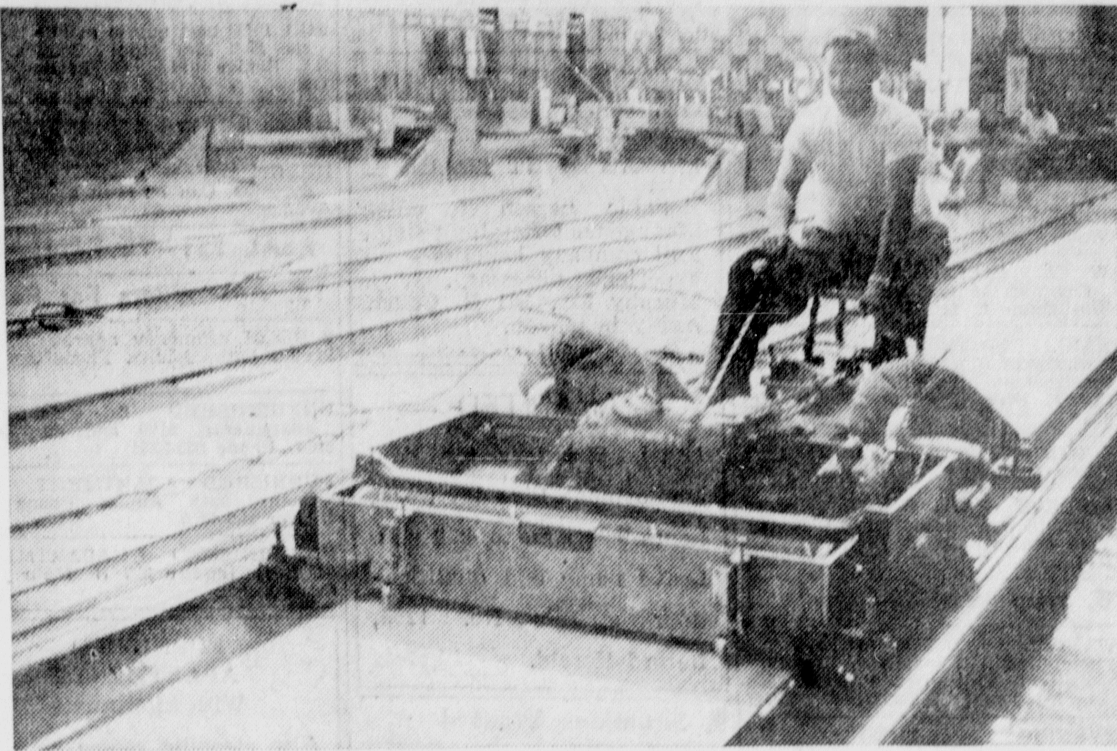

Bowland will reopen for business as usual this Friday at 4 p. m.

Fall leagues at Bowland for men, women, mixed teams and juniors are now being formed. Most of them will start Sept. 2, and some are slated to commence August 25.

To join a league, call Bowland at 335-2580.

Rick Forzano, offensive backfield coach of the Cincinnati Bengals last season, is Navy's new football coach.

Kwaku Ohene-Frempong, a junior from Ghana, will captain Yale's 1970 track team. A hurdler, Frempong also plays soccer.

Trotters In Scioto Downs Stake Races

COLUMBUS — Sixteen speedy 2-year-old trotters will go to the post Thursday night at Scioto Downs in the \$14,000 Challenge Stakes. As has been the case in three of the six Challenge Stakes events this year, the 2-year-old trot will be split into two divisions. There will be eight in each division going for a purse of \$7,000, and one of the beautiful Challenge Stakes trophies.

Scheduled as the fourth race Thursday night, the first division has a pair of early morning line favorites. Drew Hanover, a handsome black son of Caleb, has been guided to two victories, a second, and a third by Scioto's leading driver Gene Riegler.

Fischer Hanover from the Huber, Jr. will go with Class Leader; Ron Noel has Fast Company; Gene Riegler has Darling Hill and Earl Purcell will be in the sulky with Ronnie Maguire in the second division.

The Second division is full of bear-cat 2-year-olds including the co-early choices, Paris Air, trained and driven by Howard Beissinger, and Olympian reined by Jim Hackett.

Floris Star was entered by Joe O'Brien, and the successful California horseman is trying to work out his schedule so he can drive the colt personally. Dick Buxton has Melba; Lou

The Stars Say—By ESTRELLITA

For Tomorrow

THURSDAY should be a stimulating day. Stars will bless any worthwhile endeavor, and material interests may be furthered through the assistance of a valuable contact. Some new opportunities for advancement along occupational lines are especially indicated.

For The Birthday

If tomorrow is your birthday, your horoscope indicates that this new year in your life should be marked by exceptional progress where your material interests are concerned. Current stellar influences stimulate your ambitions and foresight, so make the most of them and put forth your best efforts. Then, even though you may experience an occasional setback, the momentum of those efforts will carry you along and you should find your affairs in fine shape at the end of the next 12 months.

On Aug. 15 you will enter an excellent 3-month long cycle governing both occupational and financial interests, and you will have still further chances to advance your status along these lines during the first two weeks in January, the last two of February, the latter half of March and throughout the months of May and June, of next year. Creative workers should experience highly inspirational and profitable periods between now and the end of January; also next June.

The coming October will be most propitious for travel and social activities; also, January, April, May and June. Most auspicious periods for romance: October, next April and June.

A child born in this day will be endowed with an ineffable thirst for knowledge, unusual versatility—especially in scientific matters—and a compassionate love of his fellowmen.

TV Viewing

By JERRY BUCK

AP Television-Radio Writer NEW YORK (AP) — David Frost is a listener. That's a rarity on talk shows, where so many people are waiting to blurt out their own provocative thoughts.

"I think the key thing is to listen," says Frost. "Not to go off to the next thing, but to let what your guest says trigger what you ask."

"If I had planned to talk to somebody for 10 minutes and he turns out to be marvelous I'll talk to him for half an hour."

Frost is taking over the spot vacated by Merv Griffin, who moves to a late-night hour on CBS. Frost's syndicated show premiered last week in most areas and will be seen in 55 cities.

This is the 30-year-old British satirist's second venture into American television. Five years ago he unsuccessfully tried to transfer "That Was The Week That Was" from England.

He's had his own talk show in London three nights a week for several years and hopes that this transplant will be more successful.

How will an Englishman go in the Midwest? "I say Judy Carne, Richard Burton and the Beatles have struggled through," he said. "I think in a sense it's an advantage. I get a fresh approach to things. The voice will help, too."

The voice, couched in a dis-

arming English accent, is one that allows Frost to say outrageous things and ask embarrassing questions without offending.

Frost said he would seek out people who usually don't appear on talk shows. So far he has proved himself right. In his first show he had Prince Charles and Ed Sullivan. Although he treated them with kid gloves, the interviews were revealing and interesting.

Frost has dispensed with the usual sofa and, like Dick Cavett, he has no sidekick. "Or as someone in Dallas asked, are you going to have an amanuensis? I said no. That's Latin for second banana."

Another British import is "The Liberace Show," which premiered Tuesday night on CBS for a summer run.

Liberace is still the grandmothers' delight, and a 12-year absence from regular television has done nothing to dim his twinkling candelabra, glittering suits and effusive personality.

If you're under 35, go put on some records. If you're over 35, you'll find plenty of familiar tunes and some new personalities.

The show is sort of like "Batman." If you want to take it straight, fine. But if you detect Liberace's tongue-in-cheek approach, that's fine, too.

Jerry Buck is substituting for vacationing Cynthia Lowry.

Rig Upsets; Damage \$700

Two Minor Auto Mishaps Reported

A tractor-trailer rig upset, causing \$700 damage, and two minor auto accidents were reported in the city-county area Tuesday and Wednesday morning.

The rig owned by William Mace, Rt. 2, New Holland, was being driven by Charles Watson, 54, South Salem, on U. S. 62 about four miles south of Washington C. H. at 12:07 a. m. Wednesday when it went out of control on a sharp curve. The vehicle went off the left of guard rail and came to rest on its side. Watson escaped injury, according to the report of the Sheriff's Department.

M. Clyde Goolsby, 73, Sabina, and Daniel Brinkley, 25, of 204 E. Oakland Ave., were involved in an accident on Temple Street at the intersection of Fayette Street at 10:36 a. m. Tuesday.

Brinkley told city police that he stopped behind the Goolsby car, which was waiting for a red light to change, and started to write a check. His foot must have slipped from the brake while he was writing he said. Damage to the Goolsby car was estimated at \$25. No damage was reported to the Brinkley car.

Mrs. Mary Reser, 616 McLean St., reported damage estimated at \$20 to her car. She told police that another car must have struck the vehicle while it was parked in the First National bank lot Tuesday.

\$1,990,000 School Bond Issue Awaits Vote In Greenfield

GREENFIELD — The Greenfield Board of Education has adopted a resolution of necessity to place a \$1,990,000 bond issue on the Nov. 4 ballot to finance construction of a new high school and to renovate other school buildings.

Superintendent Robert Mehl said the bond issue would run for 22 to 24 years and the amount of additional tax millage needed to finance the bonds is being computed. It must be made known to the auditors of the county by 4 p. m. Thursday.

The proposed building program would provide a new high school encompassing academic classrooms, vocational agriculture, commercial department, home economics, band and vocal music rooms, a library and a gymnasium - physical education facility seating from 1,500 to 2,000 people.

The remodeling of the old McClain High School building, the Greenfield elementary building, and the Rainsboro, New Petersburg and Bucksin buildings are included in the proposal. New equipment and furnishings for all of the buildings are included.

Plans call for construction of the new high school on the present McClain High School football field and to move the football stadium to Municipal Playground, a property which is owned by the Greenfield Exempted Village School District. It is estimated that the new high school complex alone would cost \$1,380,000 for construction only.

Providing the bond issue is approved by the voters, bids will be opened by early next spring and the building program is scheduled for completion by September, 1971.

Akron Plant Hit By Union Walkout

AKRON, Ohio (AP) — The Babcock & Wilcox plant in Barberton was idled today when 3,900 production workers failed to report after rejecting a contract offer by the company.

A spokesman for Local 900, International Brotherhood of Boilermakers said the offer was rejected by a three-to-one margin Tuesday night because it did not include a cost of living increase. The old contract expired at midnight Sunday.

The spokesman said that all production workers showed out and that no talks had been scheduled.

Lombardi Raps 3 Ohio Youths Leaving Camp

CARLISLE (Pa.) (AP) — Three rookies voluntarily left the Washington Redskins training camp Tuesday a move that prompted Coach Vince Lombardi to take a swipe at the moral code of some young people.

A club spokesman said the three rookies — all from Ohio — told Lombardi Tuesday "they just didn't want football anymore. It wasn't that the camp was too hard or anything but they just didn't care to play."

The spokesman quoted Lombardi as saying the departure of the three rookies was "an indication of the moral code of the young men who sign a contract, get a bonus and then leave training camp after five days."

Those who departed were Bill Kisman of Lorain, Ohio, a safety from Colorado State University and the Redskins' fifth draft choice; Jeff Anderson of Terrace Park, Ohio, running back from the University of Virginia and seventh draft choice and Richard Brand of Cincinnati, defensive tackle from the University of Virginia and 14th choice.

Dice throwing was introduced to the U. S. in New Orleans about 1813. As the nickname for a Creole was Johnny Crapaud the game came to be known as Crapaud's game and shortened to crap game.

CIC Informed Of Industrial Contact Work

City Manager Clarence Christman, president of the Community Improvement Corp. reported to the CIC's board of directors Tuesday afternoon on negotiations with industries and industrial representatives seeking new plant sites.

Some of the prospects are not even known by name, since they are being served by professional site-investigating firms. Christman assured the board that all possibilities are being explored in an effort to interest manufacturers in Industrial Park acreage owned by, or under option to, the CIC.

There has been no further word from Janox Corp., of Arcanum, which some time ago announced plans to acquire Navion Aircraft, now located in Seguin, Tex. Janox, at that time, indicated a strong interest in Washington C. H. as a site for the Navion plant. Contact is being maintained with Janox officials but without any definite commitments to date. CIC directors heard a report from Donald Murdock, certified public accountant on his audit of the CIC's 1968 financial records.

No business was transacted due to lack of a quorum.

Dance Is Slated To Raise Money For Scout Trip

Boy Scout Troop 32, of St. Andrew's Episcopal Church, will sponsor a dance in the air-conditioned American Legion Building from 9 p. m. Saturday to 1 a. m. Sunday. Proceeds from the dance will be used to repair a bus needed by the troop for its annual Canadian expedition.

Members of the troop hope to raise the \$300 needed to repair the old school bus by selling tickets at \$5 per couple.

The bus, which has 99,000 miles on it, needs engine repair and brake work before it can begin the trip. Other Scout and civic groups will need the bus later in the year.

The 42 Scouts and their fathers will leave Washington C. H. for Scully Lake, Ontario, Aug. 7 and return Aug. 16. The lake is 260 miles north of Sault Ste. Marie, and about 60 miles from the nearest settlement.

The campers will travel in a four-vehicle convoy consisting of the bus, two pickup trucks and a station wagon. From the settlement they will travel to the lake by train.

All food, tents, clothing and canoes to be used during the nine-day camping trip must be carried in by the campers.

The Scouts will be going to Scully Lake for the first time this year. They previously have camped at Lake Anigami about 60 miles south of the new campsite.

K. Of C. Council Installs Officers

Charles Wehner, Rt. 2, Greenfield, became grand knight of St. Colman's Council, Knights of Columbus, Tuesday night, succeeding Ralph Penwell.

He was formally installed at ceremonies in the Burke Building club rooms, on S. Fayette St., by District Deputy Stanley Stevens and District Warden Tom Shay, both of Circleville, who also installed Robert Huysman, deputy grand knight; William Stahl, chancellor; Harold Orthmeyer, warden; William Newton, treasurer; Clarence Hackett, recorder; Richard Kimmert, advocate; Marvin Seymour, inner guard; Joseph Mallow, outer guard; and James Donohoe and Gene Gad, trustees.

Wehner will appoint the other officers and committees later.

A short ritualistic memorial service was held for Ray Garrity, a member who was fatally injured in a farm accident Monday. The charter was draped in his memory.

At the business session conducted by the new grand knight, final plans were made for manning the K. of C. corb-on-the-cob and hot dog concession at the Fair next week.

St. Peter's dominates Rome, yet the atmosphere inside is that of a pleasant park where a visitor may ramble peacefully seeking out familiar things.

COLUMBUS—Darrel Eugene Eiland, 8, Columbus, struck by an automobile Tuesday as he ran across a street.

County Spends \$30,172 For Elections Costs

The Fayette County Board of Elections reported expenditures of \$30,172 for general board operations and the cost of conducting regular and special elections during 1968, according to a report by State Auditor Roger Cloud.

Cloud reported that Ohio's 88 counties spent a total of \$13,693,133 for general and special elections and operations during the past year.

Largest amount spent was \$3,166,277 by Cuyahoga County. Lowest expenditure was \$19,421 by Monroe County.

Expenditures by neighboring counties were Madison, \$30,477; Clinton, \$40,231; Ross, \$68,364; Pickaway, \$50,963; Highland, \$28,780; and Greene, \$88,383.

Road Crashes Kill 2 Persons

By THE ASSOCIATED PRESS

An Ashtabula motorcyclist is the latest victim of Ohio traffic in a survey of highway fatalities.

The dead: ASHTABULA—John D. Shaduck, 25, Ashtabula, killed Tuesday night when the motorcycle he was riding sideswiped a parked automobile in Ashtabula.

COLUMBUS—Darrel Eugene Eiland, 8, Columbus, struck by an automobile Tuesday as he ran across a street.

Pope Urges Space Prayer

CASTEL GANDOLFO, Italy (AP) — For the second time in four days, Pope Paul urged all Christians today to pray for the American astronauts on their way to "the pale and silent satellite of the earth, in the face of unheard-of difficulties."

Speaking at his summer residence in the Alban Hills to his weekly general audience, the Pope recalled his childhood reading of Jules Verne's "From the Earth to the Moon."

"That was the kingdom of fantasy, a prophetic fantasy, perhaps but gratuitous, unreal. Today, however, we are in the kingdom of reality," the Pope commented.

"Look at the panorama of the sky and of the world," he continued. "Measure, if you can, its vastness. Try to conceive of the density of reality, of truth, of hidden things which it contains."

"Shiver with wonder at the boundless greatness which we have before us, affirm the irreducible distinction between God the creator and the world He created and then you will recognize, confess and celebrate the indivisible necessity which unites creation to its Creator."

Camp Fire Girls, Inc. was founded in 1910 to perpetuate spiritual ideals of the home and to stimulate and aid habits making for health, character and service.

Memorial Hospital Emergency Room

Six persons were treated in Memorial Hospital's emergency room Tuesday.

Jeffrey M. Speelman, 6, son of Mr. and Mrs. Robert Speelman, Springfield, fractured both bones of right forearm when he fell from a tree at his grandparents' home.

Thomas A. Valentine, 8, son of Mr. and Mrs. Roy A. Valentine, 406 S. Main St., lacerated his lower right leg while playing in the yard.

Earl T. Rucker, 24, of 707 Peabody Ave., injured his left wrist while playing ball.

Robert A. Chaney, 11, son of Mr. and Mrs. Robert M. Chaney, Rt. 4, injured his lower right leg while playing ball.

Kami K. Kline, 8, daughter of Mr. and Mrs. Ted J. Kline, 1542 Washington Ave., received a small laceration of the forehead when a drinking glass broke in her home.

Robert E. Wolfe, 15, son of Mrs. Anna M. Knisley, of 624 Rawlings St., had a particle removed from his right eye.

All were released following treatment.

No one knows where Hannibal and his elephants traversed the Alps. Mark Twain said, "The researches of many antiquarians have already thrown much darkness on the subject and it is probable, if they continue that we shall soon know nothing at all."

HEIR CONDITIONERS

for a TOT Summer

Baby it's HOT outside! — but you can keep the little tot cool 'n comfy this summer with Downtown Drug Co. "heir" conditioners. Here are all the tried and proven products for relieving hot weather irritations... all low LOW PRICED to "baby" your budget too!
